### Far Eastern Commission Will Discuss General's Plan to Send Big Food Supply to Japs; Resentment Shows Over MacArthur's Attitude

Washington, April 19 (AP)—A first-class political row appears today to be shaping up between Gen. Douglas MacArthur's command and the two inter-allied agencies dealing with Japanese policy and administration.

In Washington, a committee of the Far Eastern Commission, 11-nation policy-making agency, scheduled a meeting to discuss the recent United States decision to send more than half a million tons of food to Japan during the first six months of this year.

And in Tokyo, the four-nation Advisory Council, whose Russian and British members have voiced objections to certain tactics of MacArthur and some of his officers, adjourned until April 30 without agreeing whether MacArthur should present requested information in writing or by sending a spokesman to deliver it orally.

When New Zealand, Indian and Philippine members of the Far Eastern Commission expressed some concern at a meeting yesterday over American intentions at MacArthur's request—to send food to Japan, it marked the second time that body had questioned policies of the Supreme Commander.

### Walter E. Dandy, Famous Surgeon, Dies at Baltimore

#### International Honors Came From His Work on Brain Tumors in 1918

Baltimore, April 19 (AP)—Dr. Walter E. Dandy, internationally known brain surgeon, died this morning at Johns Hopkins Hospital where he had performed his greatest work. He was 60.

Dr. Dandy entered Johns Hopkins Hospital last night and died at 10:45 a. m. today from a coronary occlusion, the hospital announced.

He was professor of neurological surgery at Hopkins University. As the chief neurological surgeon at the hospital, he had treated patients from all over the world.

Dr. Dandy was in the hospital for a short time last month with a heart disease but had recovered sufficiently to be up and about.

Surviving the surgeon and his wife, Mrs. Sadie M. Dandy, one son, Walter E. Jr., and three daughters, Mary Ellen, Kathleen, C., and Margaret M.

Dr. Dandy's brain surgery ascribed the world of medicine and brought him international honors. He was a native of Sedalia, Mo.

Did Brain Tumor Work  
In 1918, he announced the discovery and development of a method of locating and operating on brain tumors and other intracranial lesions. This method, fellow surgeons said at the time, reduced that difficult surgical task to almost an exact science.

Among his many contributions to the field of neuro-surgery was perfection of the operation for the relief of a brain malady known as Meniere's disease, which in the past had afflicted such persons as Dr. Martin Luther and Jonathan Swift, the satirist. Dr. Dandy cut the auditory nerve in half, effecting a permanent cure with almost no risk and no after effects.

In 1940, Dr. Dandy reported 401 operations with this technique. There were 400 cures and one death.

Known as a daring and skillful man with a scalpel, Dr. Dandy frequently brushed aside long-cherished notions on operative technique. In 1930, he said that almost two-thirds of a man's brain might be cut away without damaging the intellectual powers.

## Changchun Capture Is Uncertain

### Government Waits News as Communists Say City Has Fallen to Their Forces

#### Outside Aid Hinted

#### Central News Agency Says Tanks, Rockets Used by Reds

Chungking, April 19 (AP)—China's government expected word momentarily today of the fall of Changchun—with heavy casualties—before the overwhelming Chinese Communist attack. Seven Americans were in Changchun but no reports had been received concerning their safety.

One official central news agency dispatch from Mukden asserted—without confirmation—that four or five medium tanks driven and gunned by "officers of a certain country" led the attack on the Manchurian capital. "It is obvious," the dispatch added, "that these tanks were furnished by that certain country."

Government dispatches from Chinghsien pictured the outnumbered, isolated national garrison as holding only two buildings in artillery-battered Changchun yesterday, and unable to hold out longer than morning today.

(An official dispatch received in Peking from Changchun said the government defenders held three buildings—the Central Bank of China, the Police Bureau and the large Telephone-Telegraph building. It added that the Communists were equipped with rockets as well as with tanks. The official Central News Agency said that one Russian plane flew low over Changchun Tuesday.)

(Peking reports said the government's new First Army, moving slowly north afoot, still was 76 miles from Changchun. That indicated four miles progress in two days.)

#### No Reported Radio Contact

There has been no reported radio contact with Changchun since yesterday.

News of the Americans—five correspondents and two military—has been fading since the U. S. State Department reported them "safe and sound" up to Wednesday. The fighting began on Sunday.

The battle spread a fiery background for General Marshall's renewed efforts to bring peace and unity to China. A series of truce conferences in Chungking, news from the north told of a barrage of incendiary and high explosive shells blasting one by one, the few remaining strong points of Changchun's defenders.

General Marshall, his first conference day's schedule including representatives of both Chinese factions, declined comment "until I have a chance to talk to all."

There was news from Nanking, too.

The Chinese government is re-furnishing the official residence of the former German ambassador there, for General and Mrs. Marshall.

#### Capture Is Claimed

(By The Associated Press)

An official Chinese Communist broadcast from Yenan, party headquarters, today reported the capture of Changchun, capital of civil war-torn Manchuria. The broadcast was recorded by the Associated Press in San Francisco.

The broadcast, in the form of a new China news agency (Communist) urgent dispatch from Changchun, reported:

"The city of Changchun has been completely cleared of Japanese and puppet troops and bandits (this presumably referred to Chinese government troops), after Communist-led popular forces—the Democratic Joint Army—entered the city to establish peace and order."

"Democratic municipal government has been established and the city has returned to normal order."

Guided by U.N. provisions that personnel shall present "appropriate geographic distribution," the secretariat has been busy seeking ways to bring more non-Americans into the organization.

Lie has given strict orders that the proportion plan shall be enforced "from the lowest job to the highest."

Currently about 70 per cent of the 300 persons employed are Americans. Most of them have been hired on a temporary basis, pending the setting up of the international system with its merit examinations and geographic selection.

## Harcourt to Open Packard Branch On E. O'Reilly St.

### Newburgh Agency Owner Also Operates in Middletown; Takes Brown Plant

The Stanley G. Harcourt Company of Newburgh, largest distributors of Packard Motors in the Hudson Valley, will open a branch office in Kingston within the next few weeks, it was announced.

Alterations and improvements at the former Frank L. Brown building on East O'Reilly street have been under way for some time, but due to scarcity of materials and labor shortages, the building will not be ready for at least another month.

Mr. Harcourt has operated the Packard agency in Newburgh for the past 22 years, and another showroom in Middletown since 1937. He will take over Packard agency exclusively in Kingston.

When completed the Harcourt agency will feature a complete showroom, lubrication and servicing facilities. The business will employ eight men.

John Butterfield, a discharged war veteran, of Newburgh, will be manager of the local branch and is expected to assume duties in the next few weeks.

Harcourt officials said yesterday there is a tremendous backlog of orders for Packards in Newburgh and Middletown, but that no orders are being taken in Kingston. Orders for local customers will be accepted after an over-all quota for the Hudson Valley has been set, a spokesman said.

### M. J. Cruise Dies

New York, April 19 (AP)—Michael J. Cruise, 79, former Tammany district leader who retired as city clerk of New York in 1939 after 18 years of service, died yesterday. It was to Cruise, a colorful figure of the old political school, that James J. Walker tendered his resignation as mayor while under fire in the legislative investigation to which Samuel Seabury was counsel. Cruise, who was in the same probe, was a prominent figure in the city and county clerk, performed the marriage ceremony for possibly as many as 200,000 New York couples.

## Australian Proposal Gains; New Fight Looms Over Iran

### Abram C. Wood Is Termed Suicide

#### Man Is Found in House on Gage Street With Head in Gas Oven

Abram C. Wood, 45, who was found lying dead on the floor in the kitchen at 78 Gage street, with his head in the gas oven, and the house filled with gas, shortly after 1 o'clock this morning, was pronounced a suicide by Coroner Ernest A. Kelly.

The coroner's verdict followed an investigation made by the police who had been called to the house by Raymond F. Ennist, with whom Wood had been making his home since December 2, 1945.

Mr. Ennist when he returned home at 1:30 o'clock this morning found the house filled with the odor of gas. He opened the windows and doors and then investigated and found Wood dead in the kitchen. He immediately called the police.

Officers Kenneth Hyatt and Joseph Myers in one of the radio cars drove to the house. According to the officers when they arrived at the house they found the gas turned on in the kitchen gas range, and Wood lying with his head inside the oven.

The police said that they also found several notes written by Mr. Wood, and a note addressed to the police directing them to turn the notes over to his family, who reside in Bridgeport.

Dr. Vincent P. Amatrano of Wilson avenue, who had been called by the police department, pronounced the man dead.

According to the police, Wood had threatened to commit suicide several times during the past.

### Hodgson Plan Calls for Five-Man Group; Committee Splits Over Iran

New York, April 19 (AP)—A compromise proposal by Australia gained support among delegates of the United Nations Security Council today as a possible solution to the controversial Spanish question.

The proposal, submitted by Australian Delegate W. R. Hodgson shortly before the Council adjourned yesterday for the Easter holidays, calls for the appointment of a five-man sub-committee which would investigate the Spanish situation and report back by May 17.

Most of the delegates were reluctant to commit themselves on the Australian suggestion immediately, but they generally expressed interest and it was conceded by some to have a good chance of being approved.

Before the council resumes its discussions of the Spanish question, however, it will tackle again the Iranian case, which was interrupted Tuesday after Secretary General Trygve Lie submitted a surprise opinion that there was some doubt as to whether the Iranian case could legally be kept on the agenda.

This will be the first thing on the council's calendar when it reconvenes at 3 p. m. Tuesday.

The way was opened for a new floor fight on the Iranian question when the council's committee of experts on rules and procedure reported last night that it had split, 8 to 3, with the majority holding that the council has full authority to keep a case on the agenda as long as it thinks it necessary.

### May Accept Opinion

The council, which previously had been divided eight to three on the question of keeping jurisdiction of the case, was expected to accept the opinion of the majority and then vote to keep the question on the agenda until May 6, the date on which the Russians have promised to have all Red army troops out of Iran.

The three members of the committee of experts voting in the minority were the representatives of Russia, France and Poland, the three powers which had favored dropping the Iranian case.

## U.S.E.S. Is Ordered To Recruit Labor For Brickyards

### Stanton Says 60 Jobs Are Open at \$6.42 Hour Week

Government officials have expressed acute concern over brick shortages and have notified United States Employment Service offices to conduct intensive recruiting campaigns for brickyard labor.

George J. Stanton, local manager said today.

Approximately 60 jobs, paying a basic wage of \$6.42 cents a day for a 40-hour week, are now open Mr. Stanton reported. He said he had just completed a survey of labor needs at district brickyards, getting particulars on wages, hours and working conditions.

The Staples yard in Malden needs 20 men for immediate employment, while all other yards, with the exception of Washburn Brothers in Glenside, can use men in varying numbers.

"The government is greatly concerned over the brick situation," Stanton indicated, adding that he had been requested to appeal to veterans and other able-bodied laborers to consider brickyard occupations.

A labor shortage, though not acute, exists at the Hutton, East Kingston Brick Co., Brigham Brothers, Goldricks' upper and lower yards. Terry Brothers and Washburns have their full quota at present.

While the basic pay for common labor is \$6.42 per day, Stanton said, much higher salaries are being drawn by nearly every employee. Much of the operations embrace stint work and the overtime pay helps boost weekly earnings to \$100 or more a week for some workers.

### The Labor Picture

The U.S.E.S. nationwide drive to secure jobs for 600,000 veterans is progressing in good shape, Stanton said. Since April 1, the local office has placed 139 people, of which 56 were discharged veterans. During the same period, the Sutterlies branch reported 37 placements, including six veterans.

### Boss Will Serve Six Months Probationary Period; With Force Since 1928

#### Assumes Post May 1

### Boss and Others Slated to Take Up Work First of Month

Police Lieut. Ernest A. Boss, 43, who has been a member of the police department since 1928, was appointed chief of police of the Kingston Police Department at the meeting of the Board of Police Commissioners held late Wednesday afternoon at the city hall. Boss succeeds Chief Charles Phinney, who will retire May 1.

The appointment of Boss to the post of police chief had been predicted by The Freeman a week ago.

The board also appointed Lieut. Fred C. Stoudt to serve as acting captain; Sergeants Raymond Van Buren and William J. Leonard as acting lieutenants; Patrolmen William A. Krum and Robert Murphy as acting sergeants, while Patrolmen Wesley J. Cramer and Clarence W. Brophy were named to serve as plainclothes men.

All of the appointments made yesterday by the police board become effective May 1.

#### Eligible List Asked

Chief of Police Charles Phinney today announced that the Board of Police Commissioners had directed him to request the Municipal Civil Service Board to furnish the board with an eligible list from which patrolmen could be appointed to fill the vacancies left by the elevation of four patrolmen, two to the ranks of acting sergeants, and two to the rank of plainclothes men.

It is expected that the civil service board will shortly hold an examination to make up an eligible list from those who successfully pass the examinations.

The police board is anxious, the chief said, to have an eligible list as quickly as possible so that the appointments can be made.

Lieut. Boss was named chief to serve a probationary period of not exceeding six months. The other officers who had received acting appointments are made permanent.

Chief of Police Phinney today pointed out, however, that Officers Cramer and Brophy, will not be required to take an examination.

#### Will Pick 4 Specials

The police board directed Chief Phinney to appoint four men to assume duties as special policemen May 1.

The chief said today that any man who desires to serve as a special policeman should file an application with him as quickly as possible.

Kingston's new chief of police, who will assume his duties May 1, is the fourth man to serve as head of the police department since the force was first organized May 15, 1891, with Stephen D. Hood as chief. At the death of Chief Hood, J. Allan Wood was named to fill the post. Chief Wood retired in 1939, when Charles Phinney became police chief.

The new chief during World War I, was employed as a mechanic by the American Locomotive Works in Schenectady, and at the close of the war he returned to Kingston, and entered the employ of Colonial City Chevrolet as a mechanic.

The new chief also for a time was employed as one of the bus drivers with the Kingston City Transportation Corp.

He became a member of the police force on June 11, 1928, when he was appointed patrolman. In 1937 he was promoted to sergeant, and in 1939 he assumed his duties as one of the two police lieutenants.

In addition to his duties as police lieutenant, the new chief, who is a skilled radio mechanic, has had charge of the servicing of the police radio station and the radio cars of the department. During the years he has been a member of the police department he has been trained in all types of police work.

Lieutenant Boss is married, his wife being the former Evelyn Countryman, of Hudson. He recently purchased the house at 103 Foxhall avenue, and will take possession shortly.

#### Stoudt Is Qualified

Police Lieutenant Stoudt, 48, who has been promoted to the post of acting captain was employed as a salesman by the Thompson meat packing house for a number of years. He became a member of the police department April 1, 1931, and was appointed sergeant in 1938, and later in 1939 was promoted to the post of lieutenant.

The office of captain on the police force has been vacant since

## United Nations Will Be One of Largest Employers

New York, April 19 (AP)—The United Nations eventually will become one of the world's largest international employers with a payroll of 3,000 on scales ranging from \$1,140 to \$20,000 annually, U. N. sources said today.

Workers will come under an International Civil Service, which is being set up, and will have all the rights and privileges of the system as known in the United States.

Already reviewed and approved by labor experts of several nations, the classification plan starts with the \$1,140 scale for messengers, charwomen and other unskilled employees and runs up to \$11,000 for top directors.

Secretary-General Trygve Lie, who receives \$20,000 plus a like amount in expenses, naturally will not come under civil service nor will his eight assistant secretaries-general who get \$12,000 each.

For tax purposes, employees will be helped somewhat by the fact that the U. N. will pay net salaries. A bill also is under consideration in Washington to exempt U. N. pay from federal levies.

One of the major problems facing the organization now is the task of making the United Nations international in fact as well as in name.

Guided by U. N. provisions that personnel shall present "appropriate geographic distribution," the secretariat has been busy seeking ways to bring more non-Americans into the organization.

Lie has given strict orders that the proportion plan shall be enforced "from the lowest job to the highest."

Abram C. Wood, 45, who was found lying dead on the floor in the kitchen at 78 Gage street, with his head in the gas oven, and the house filled with gas, shortly after 1 o'clock this morning, was pronounced a suicide by Coroner Ernest A. Kelly.

The coroner's verdict followed an investigation made by the police who had been called to the house by Raymond F. Ennist, with whom Wood had been making his home since December 2, 1945.

Mr. Ennist when he returned home at 1:30 o'clock this morning found the house filled with the odor of gas. He opened the windows and doors and then investigated and found Wood dead in the kitchen. He immediately called the police.

According to the police, Wood had threatened to commit suicide several times during the past.

Coroner Kelly, who took charge of the body, and removed it to his morgue, said his investigation so far had disclosed that Wood had been married twice. He was the father of five children by his second wife, and one by the first wife.

At one time, said Coroner Kelly, the man had been employed driving an oil truck, but as far as he could learn, had not been employed for several weeks.

The coroner said he had notified Mrs. Addie Wood, of Bridgeport, of the death of her husband. No funeral arrangements have been made the coroner said.

## U.S.E.S. Is Ordered To Recruit Labor For Brickyards

### Stanton Says 60 Jobs Are Open at \$6.42 Rate Daily for 40 Hour Week

Government officials have expressed acute concern over brick shortages and have notified United States Employment Service offices to conduct intensive recruiting campaigns for brickyard labor.

The campaign to secure more jobs for veterans is being carried out by personal contacts, interviews and by telephone. Three U.S.E.S. interviewers and Mr. Stanton spend a day each week in the field making solicitations.

### Assumes Post May 1

### Boss and Others Slated to Take Up Work First of Month

Police Lieut. Ernest A. Boss, 43, who has been a member of the police department since 1928, was appointed chief of police of the Kingston Police Department at the meeting of the Board of Police Commissioners held late Wednesday afternoon at the city hall.

Boss succeeds Chief Charles Phinney, who will retire May 1. The appointment of Boss to the post of police chief had been predicted by The Freeman a week ago.

The board also appointed Lieut. Fred C. Stoudt to serve as acting captain; Sergeants Raymond Van Buren and William J. Leonard as acting lieutenants; Patrolmen William A. Krum and Robert Murphy as acting sergeants, while Patrolmen Wesley J. Cramer and Clarence W. Brophy were named to serve as plainclothes men.

All of the appointments made yesterday by the police board become effective May 1.

### Eligible List Asked

Chief of Police Charles Phinney today announced that the Board of Police Commissioners had directed him to request the Municipal Civil Service Board to furnish the board with an eligible list from which patrolmen could be appointed to fill the vacancies left by the elevation of four patrolmen, two to the ranks of acting sergeants, and two to the rank of plainclothes men.

It is expected that the civil service board will shortly hold an examination to make up an eligible list from those who successfully pass the examinations.

The police board is anxious, the chief said, to have an eligible list as quickly as possible so that the appointments can be made.

Lieut. Boss was named chief to serve a probationary period of not exceeding six months. The other officers who had received acting appointments are made permanent.

Chief of Police Phinney today pointed out, however, that Officers Cramer and Brophy, will not be required to take an examination.

### Will Pick 4 Specials

The police board directed Chief Phinney to appoint four men to assume duties as special policemen May 1.

The chief said today that any man who desires to serve as a special policeman should file an application with him as quickly as possible.

Kingston's new chief of police, who will assume his duties May 1, is the fourth man to serve as head of the police department since the force was first organized May 15, 1891, with Stephen D. Hood as chief. At the death of Chief Hood, J. Allan Wood was named to fill the post. Chief Wood retired in 1939, when Charles Phinney became police chief.

The new chief during World War I was employed as a mechanic by the American Locomotive Works in Schenectady, and at the close of the war he returned to Kingston, and entered the employ of Colonial City Chevrolet as a mechanic.

The new chief also for a time was employed as one of the bus drivers with the Kingston City Transportation Corp.

He became a member of the police force on June 11, 1928, when he was appointed patrolman. In 1937 he was promoted to sergeant, and in 1939 he assumed his duties as one of the two police lieutenants.

In addition to his duties as police lieutenant, the new chief, who is a skilled radio mechanic, has had charge of the servicing of the police radio station and the radio cars of the department. During the years he has been a member of the police department he has been trained in all types of police work.

Lieutenant Boss is married, his wife being the former Evelyn Countryman, of Hudson. He recently purchased the house at 103 Foxhall avenue, and will take possession shortly.

### Stoudt Is Qualified

Police Lieutenant Stoudt, 48, who has been promoted to the post of acting captain was employed as a salesman by the Thompson meat packing house for a number of years. He became a member of the police department April 1, 1931, and was appointed sergeant in 1936, and later in 1939 was promoted to the post of lieutenant.

The office of captain on the police force has been vacant since

### Palmer Will Be Agricultural Head In Albany County

William H. Palmer, who has efficiently served as assistant agricultural agent for Ulster county during the past year and a half has tendered his resignation to the directors of the Ulster County Farm Bureau.

Mr. Palmer has accepted a position as agricultural agent for Albany county, where he will succeed Walter Mason, for the past five years the county agent there and for ten years previously assistant agent. Mr. Mason has gone into business.

Mr. Palmer came to Kingston in the Fall of 1944 from Columbia county, succeeding Claude Gillette as assistant agent and spray specialist. He will remain in Ulster county until the season for the first brood of codling moth is over, which normally starts in May and runs well through June. This is an important period for the fruit growers and one in which they need the services of an experienced spray specialist.

Farm Bureau directors expect to interview a number of candidates for Mr. Palmer's position at the end of this month. They hope May 1 so that he can work with Mr. Palmer for a few weeks before the latter leaves for Albany. "Bill's" genial personality and his ability as a spray specialist have won for him many friends during his stay here. They will learn with regret that he and his family plan to leave Kingston.

### Three Petitions Are Presented

#### Contract Is Denied School Principal, Report

The denial of a contract for the coming year to Edward L. Dalby, supervising principal of the Marlborough Central School and the Milton District School, by the Board of Education Monday night, has resulted in the filing of three separate petitions signed by students, faculty members and taxpayers, asking Dalby's retention.

Dalby was denied his contract and was notified by the board Tuesday that contracts for himself and Miss Helen A. Sullivan, social studies teacher, were being withheld.

The withholding of the contracts has caused a considerable stir in Marlborough and Milton school districts, and it is believed that the filing of the petitions will bring the issue out into the open, according to spokesmen for the protesting groups, and force a public hearing.

Before going to Marlborough ten years ago to accept the principalship, Mr. Dalby was principal at the Pine Bush High School for six years. It is understood that Mr. Dalby has declined to make any statement in the matter other than that the refusal of the board to renew his contract came as a complete surprise. He said he was unaware of the board's action until the morning after the meeting, when his contract was submitted with the exception of his and Miss Sullivan's.

### Timber Fire Burns Over 150 Acres on Thursday

It is reported that the extensive forest fire in the Lomontville-Arwood area, which started about 11:30 o'clock Thursday morning, was brought under control about 2 o'clock in the afternoon. It burned over some 150 acres of woodland, according to estimates, including some sizeable timber.

At 6:45 Thursday evening the sheriff's office received a report of a fire near Stewart place on the Lomontville road. Fire Warden Ray Winne was notified and he called Captain Wilson Markie of the Hurley fire department. The firemen went to the scene which was near the falls on the mountain road and found that some boys had started a camp fire which had spread along the hillside. In the brush. It was brought under control before it had gained too much headway.

### Brothead's Solo Enjoyed, But He Is Unaware of It

No, it wasn't a sound truck featuring Bing Crosby's rendition of the spring favorite, "Your Easter Bonnet," but shoppers in the Wall street section thought it was yesterday, until his friends recognized Charles Brothead, well-known glee club and church soloist.

Mr. Brothead, one of whose main pleasures is singing, came close to matching the celebrated screen and radio star of the Easter Bonnet when he sang the favorite ballad to the accompaniment of a popular band featured on one of the networks.

Although Mr. Brothead was singing for his own pleasure, his solo tempted passersby to stop awhile to listen.

## Timber Fire Burns Over 150 Acres on Thursday

It is reported that the extensive forest fire in the Lomontville-Ashokan area, which started about 11:30 o'clock Thursday morning, was brought under control about 2 o'clock in the afternoon. It burned over some 150 acres of woodland, according to estimates, including some sizeable timber.

At 6:45 Thursday evening the sheriff's office received a report of a fire near the Stewart place on the Lomontville road. Fire Warden Ray Winne was notified and he called Captain Wilson Markle of the Hurley fire department. The firemen went to the scene which was near the falls on the mountain road and found that some boys had started a camp fire which had spread along the hillside, in the brush. It was brought under control before it had gained too much headway.

## Brodhead's Solo Enjoyed, But He Is Unaware of It

No, it wasn't a sound truck featuring Bing Crosby's rendition of the spring favorite, "Your Easter Bonnet," but shoppers in the Wall street section thought it was yesterday until his friends recognized Charles Brodhead, well-known glee club and church soloist.

Mr. Brodhead, one of whose main pleasures is singing, came close to matching the celebrated screen and radio star as he sat in his car singing the solo ballad, "Montani semper liberi," a popular band featured on one of the networks.

Although Mr. Brodhead was singing for his own pleasure, his solo tempted passersby to stop awhile to listen.

## Y. M. C. A. Youth Center

The Youth Center weekly activities will be resumed on the usual Tuesday and Saturday evenings next week. Due to Holy Week observance, no parties were held this week at the "Y". Approximately 16,370 used the Youth Center during the second year of its operation. It provides a popular place twice weekly for the youth of Kingston. Returning service men come there to meet their high school friends. The program for teen-agers started two years ago and has continued to grow as an important part of the Y.M.C.A. program in Kingston. It is hoped that a successful financial campaign starting April 24 will result in a complete renovation and improve furnishings of the "Y" Youth Center.

## Wacs Can Re-enter Service; Only 2 Days for Overseas

Honorably discharged enlisted personnel of the Women's Army Corps, who desire to re-enter the service for overseas duty in the European theatre, must file their applications with the U. S. Army Recruiting Stations by Saturday, it was announced by Captain Harry W. Smith of the local recruiting station today.

Applications are restricted to former enlisted W.A.C. personnel holding military occupational specialty ratings in five categories urgently needed for duty in Europe. The ratings and M.O.S. numbers are stenographers, No. 213; clerk typists, No. 405; general clerks, No. 655; telephone switchboard operators, No. 650; and teletype-writer operators, No. 237. Applicants must have reached their 20th birthday, but not their 50th, and must re-enter the service for the duration plus six months, unless sooner relieved.

Six hundred enlisted women are to go to Europe, 300 of them members of the corps now in service who have volunteered for duty beyond the date they would be eligible for separation, and 300 discharged members who re-enter the service. Since the response has been gratifying, and since the W.A.C. contingent will go overseas shortly after May 1, former members are urged to file applications as quickly as possible.

## R. H. Rignall to Head Drive for Food Collection

Chairman of Salvage and Clothing Drives Will Continue Services Here for Food

Raymond H. Rignall, who as chairman of the local salvage campaigns and clothing collections here during the war, successfully directed these drives, has accepted the chairmanship for the City of Kingston of the Emergency Food Collection on behalf of U. N. R. R. A.

The drive will be launched May 12 and the plan will be to collect food canned in tin and money to purchase food.

Mr. Rignall was asked to continue his services by Henry Wallace, national chairman, who stated "your leadership is needed now perhaps more than ever because of the gravity of the situation. Extreme emergency demands quick emergency action."

Herbert H. Lehman and Mrs. Franklin D. Roosevelt will serve as honorary chairmen and the program will be conducted in full cooperation with President Truman's Famine Emergency Committee.

The Emergency Food Collection has been undertaken because many people in this country want to make a direct and personal contribution to help prevent starvation. The food contributed through this collection will be used to

supplement the subsistence diets planned for in the general relief program.

**Y. M. C. A. Youth Center**

The Youth Center weekly activities will be resumed on the usual Tuesday and Saturday evenings next week. Due to Holy Week observance, no parties were held this week at the "Y". Approximately 16,370 used the Youth Center during the second year of its operation. It provides a popular place twice weekly for the youth of Kingston. Returning service men come there to meet the program for teen-agers started two years ago and has continued to grow as an important part of the Y.M.C.A. program in Kingston. It is hoped that a successful financial campaign starting April 24 will result in a complete renovation and improve furnishings of the "Y" Youth Center.

**City Will Close Offices Saturday For Fennelly Rites**

All official city departments will be closed Saturday morning in order to permit city employees to attend funeral services for Leo P. Fennelly, former city clerk, who died Tuesday night, it was announced today.

Funeral services for the former newspaperman who had served as city clerk since 1942 will be held Saturday from the late home at 9:30 a. m. and at St. Joseph's Church at 10 o'clock. A high Mass of requiem will be celebrated Monday morning at 9 o'clock. Burial will be Saturday in St. Mary's cemetery.

Harry Seitz, deputy city clerk, has been appointed temporary city clerk, but the mayor's office said today it had not given any thought to a permanent appointment. No announcement is expected until after the Fennelly funeral rites.

This evening at 6:45 o'clock the Kingston Newspaper Guild will visit the home of Mr. Fennelly, 2 Schryver Court, in a body to pay respects to his memory.

Friday Kingston Post, 150, American Legion, will conduct ritualistic services. Members of the Legion are to meet at the Memorial Building on West O'Reilly street at 7:30 to proceed to the Fennelly home where the ritual will be read at 7:45 o'clock.

**Adjournment Taken In Joseph Weber Case**

The matter was adjourned until May 1 at 7 p. m. Chris J. Flanagan appeared for Weber and Raymond Mino appeared for The People. Weber was arrested by Sheriff Smith and County Investigator Clayton W. Vredenburg last Saturday following an accident on Route 28.

**Walter Winchell Acquitted**

Philadelphia, April 19 (AP)—Walter Winchell, newspaper columnist and radio commentator, was acquitted of libel and defamation of court jury. Winchell and Triangle Publications, Inc., publishers of the Philadelphia Inquirer, were sued for \$500,000 damages by Dr. George W. Hartmann, professor of educational psychology at Columbia University. Hartmann, once chairman of the defunct "Peace Now" movement and former teacher at Harvard University and Pennsylvania State College, charged Winchell libeled him in a column published in The Inquirer in 1944.

**Wacs Can Re-enter Service; Only 2 Days for Overseas**

Honorably discharged enlisted personnel of the Women's Army Corps, who desire to re-enter the service for overseas duty in the European theatre, must file their applications with the U. S. Army Recruiting Stations by Saturday, it was announced by Captain Harry W. Smith of the local recruiting station today.

Applications are restricted to former enlisted W.A.C. personnel holding military occupational specialty ratings in five categories urgently needed for duty in Europe. The ratings and M.O.S. numbers are stenographers, No. 213; clerk typists, No. 405; general clerks, No. 055; telephone switchboard operators, No. 650; and teletype-writer operators, No. 237. Applicants must have reached their 20th birthday, but not their 50th, and must re-enter the service for the duration plus six months, unless sooner relieved.

Six hundred enlisted women are to go to Europe, 300 of them members of the corps now in service who have volunteered for duty beyond the date they would be eligible for separation, and 300 discharged members who re-enter the service. Since the response has been gratifying, and since the W.A.C. contingent will go overseas shortly after May 1, former members are urged to file applications as quickly as possible.

**R. H. Rignall to Head Drive for Food Collection**

**Chairman of Salvage and Clothing Drives Will Continue Services Here for Food**

Raymond H. Rignall, who as chairman of the local salvage campaigns and clothing collections here during the war, successfully directed these drives, has accepted the chairmanship for the City of Kingston of the Emergency Food Collection on behalf of U. N. R. R. A.

The drive will be launched May 12 and the plan will be to collect food canned in tin and money to purchase food.

Mr. Rignall was asked to continue his services by Henry Wallace, national chairman, who stated "your leadership is needed now perhaps more than ever because of the gravity of the situation. Extreme emergency demands quick emergency action."

Herbert H. Lehman and Mrs. Franklin D. Roosevelt will serve as honorary chairmen and the program will be conducted in full cooperation with President Truman's Famine Emergency Committee.

The Emergency Food Collection has been undertaken because many people in this country want to make a direct and personal contribution to help prevent starvation. The food contributed through this collection will be used to

supplement the subsistence diets planned for in the general relief program.

### GAME VETERANS

Someone came along the other day with a little story about a farm that isn't unusual, but probably worth a few lines of type. It is a place of six or seven acres, a house of three rooms, which needs paint and a lot of other repairs, and a man and woman who simply can't wait for spring to come. He is a disabled war veteran with a missing arm and eyes that can't see much, on account of a certain explosion that he doesn't think it necessary to talk about. And he isn't asking for any sympathy from anybody—because of his wife and his farm and the eye that can partly see, and one thing and another.

The two were going to retire when they realized how badly the veteran was banged up, but they soon abandoned that idea. They wanted something to do. So they drove around and found their little farm, and have moved in, and are getting ready for the summer's work, without asking any favors from anybody.

But aren't they going to have any help? Well, you can just ask the neighbors about that. Everybody admires a game man who is in trouble but makes no fuss about it, and the neighbors say this man will get along.

It isn't necessarily true, what the poet says about a young man's fancy "lightly" turning to thoughts of love. A lot of 'em seem mighty serious about it.

### NEW PLAN FOR EDUCATION

How to make great books more widely known has been an old problem of teachers, librarians and parents. Now the University of Chicago is trying a new approach. It has prepared a list of books that have influenced the world, starting with Plato's "Republic" and going down to Karl Marx, and is doing what it can to help local reading groups study these books. Leaders receive lists of questions likely to provoke discussion, and suggestions of how to keep the meetings going.

Such discussion groups do not have to wait for a university to start them on their way, but often a little outside stimulus helps. These groups represent one more possible means of attaining one of the country's vital needs, an enlightened democracy.

The car may not be quite so important as the children's health, but it's daily condition demands nearly as much watching.

### CAR TELEPHONES

Radio telephones for automobiles are expected to be ready for use by June. Experiments are being conducted in both Detroit and San Francisco to perfect the equipment.

Commuters who drive long distances between home and office will doubtless consider the dashboard phone a great invention, permitting them to begin the day's work at the office before they get there. But the ship-to-shore principle applied to dry-land traffic suggests a somewhat confused picture. Busy executives used to interruptions at the office may find themselves up against a new kind of test when they start telephoning their secretaries about the morning mail, listening to news on the car radio, and dodging rush-hour traffic all at the same time.

### WEEDS AS FOOD

If the lawn is choked with dandelions, don't be annoyed. Eat 'em. Fix them as a salad, a handful of crisp green leaves mixed with the lettuce, a dash of oil, some salt and vinegar. That's the way they do it in France. Or steam them. Half a cup will furnish more iron than an egg yolk and enough vitamin A for two grown men for a day's work. But catch them before the yellow flower comes, for its arrival means the leaves will be bitter. Some markets sell the cultivated variety. But those in the back yard as just as good, if the tender little leaves are plucked before blossom time.

### MALE NURSEMAIDS

If women are taking over men's work, men seem to be encroaching on women's. A 40-year-old Englishman has just announced his availability as Great Britain's first professional male nursemaid. He says that men

## 'These Days'

By George E. Sokolsky

### A BLACK EYE

When I lived in China, I read about the United States in the local newspapers and it often looked, in those days, as though the leading citizen of our land was Al Capone; the most important industry, murder; and the most usual sport, divorce. Little else was sent by the press agencies, none of whom were, in those days, American. Then the United Press and subsequently the Associated Press began to sell their services and we got very much better news.

Having personally experienced this propensity on the part of foreign news services and governments to give this country a black eye, I can understand the desire of the State Department through Mr. William Benton to develop an informational service that will, at least, give us an even break. Unfortunately the O.W.I. did such an appalling bad job that one distrusts government agencies, particularly a new one staffed mainly by the old crew. Furthermore, Mr. Benton's demand that the A.P. and the U.P. supply him with copy, which he ought to get for himself, is a bad start, for it is at best government competition with private enterprise while using the product of private enterprise without adequate compensation. That is crooked.

To indicate how bad such things can be, I have a clipping from "The Sunday Statesman" of New Delhi, India. It contains a story entitled: "Contradictions in the American Scene. Fascist Tendencies in the Land of Equality." The author is Stuart Gelder and it is marked exclusive. We looked up Stuart Gelder in "Who's Who." "The Working Press of New York City"—his dateline was New York—and inquired of several press associations, but could not find a Stuart Gelder. Maybe, it is a pen-name.

This is what he says about the United States: "This country wears two faces. One, which is presented to the world, shines with a benevolent expression of democracy. The other is filled with hate for anyone who dares to try to use his liberty to alter the social and economic status quo. Trade union leaders are always 'agitators,' Liberals are 'Communists.'"

That, of course, is a libel on William Green, Phil Murray and other labor leaders who sit in the councils of the great. Even Petrillo has not been called an "agitator," although he has been given more fitting and accurate labels. In this city there are a dozen or more Communist newspapers and magazines in several languages, published and circulated in complete freedom; there are myriad organizations on all sides of all questions, free to influence elections and denounce their opponents. Nobody has yet prevented Sidney Hillman, Harold L. Ickes or Jimmy Roosevelt from building a "Liberal" organization to try to win the 1946 Congressional election.

And here is another bit from Mr. Gelder, published in India:

"At signal from their superiors, police mounted on horses and motorcycles, charged into the crowd, clubbing down anyone in their path. In few minutes they turned what was an organized peaceful walk into a bloody shambles. Men, women and children were trampled under the horses' feet and beneath the wheels of motorcycles, and many were badly hurt. . . . It was a revolting and disgraceful spectacle. . . . This was supposed to have happened in Philadelphia where there was a strike and some rioting. I wonder if Mr. Gelder could provide a list of the women and children who "were trampled under the horses' feet and beneath the wheels of motorcycles." It certainly was a tragic oversight on the part of Philadelphia newspapers, providing photographs such lists in super-headlines, providing photographs of the women and children in various stages of damage. Or did it happen that way at all? There was a fight but nothing like Gelder's description of it.

There is much more of this sort of thing, particularly a curious defense of Mike Quill on the ground that he did not say "The Public Be Damned." Gelder apparently reached the conclusion that Fascism is around the corner in our country. And I suppose some of the readers in India will believe what he writes. Who is Stuart Gelder—does anyone know? (Copyright, 1946, King Features Syndicate, Inc.)

## THAT BODY OF YOURS

By James W. Barton, M.D.

SORES AT CORNERS OF MOUTH

We have all seen men and women, and also children, with sores in corners of the mouth. These sores are often slow in healing and tax the patience of both physician and patient.

The sore begins as a pale wet patch at the corners and spreads along the red border of both lips. The tissue at the corners of the mouth remains wet and broken down and is sometimes covered with a clinging grayish yellow crust. After a time this broken down tissue disappears, leaving "a slick wet red area" at the corners of the mouth. The spots may remain wet and sore for months or may heal and leave hard scar tissue. This scar tissue is found more often in adults than in children.

In a description of this disease, with causes and treatment, three branches of the healing profession are represented in an article in the Journal of the American Dental Association—Arvin W. Mann, D.D.S., Jane M. Mann, R.N., and Tom D. Spies, M.D., Birmingham, Alabama. The three conditions causing or partly causing cheilosis as it is called, are (a) decrease in the length of the face, (b) infection, (c) lack of part of the vitamin B complex (riboflavin).

The decrease in the length of the face is caused by the loss of teeth which means that the lower jaw and upper jaw and upper and lower lips override one another at corners of the mouth which can be seen when artificial teeth are removed.

The second cause is infection from an unhealthy mouth—teeth and gums. More cases of pyorrhea (infected gums) were found with cheilosis, than with abscessed teeth. Of 160 cases of cheilosis studied, 105 lost their teeth because of pyorrhea, 29 because of decayed teeth, 25 because of over-sensitive teeth and 5 because of abscesses.

Evidence of lack of vitamin B (riboflavin) was the poor appetite, red tip of tongue, and pellagra. While treatment of mouth conditions and increasing the daily amount of riboflavin helped to some extent, in some cases and to a great extent in others, lengthening the face by inserting artificial teeth was the biggest factor in curing cheilosis in majority of cases.

have "more patience and ingenuity in keeping children amused" than women.

Maybe that is true in his case, but the average so-called head of the household, when circumstances call him to stay at home and mind the children, soon finds himself reduced to a state of wholesome humility.

## When It's Oil Over Over There

## Flashes of Life Sketched in Brief

### Close Neighbors

Wichita, Kas., April 19 (P)—Joe Bell was repairing his backyard fence to keep chickens out of the yard when his next door neighbor, Mrs. Julia McAfee, asked him not to step on her raspberry bushes.

They chatted several moments and discovered they were brother and sister, separated 40 years. Mrs. McAfee, 64, and Bell, 59, had seen each other only twice since their separation in 1889 upon the death of their mother. They had never met in the several months they were neighbors.

### Times and Signs

Sausalito, Calif., April 19 (P)—Reconversion signs: Mr. and Mrs. Joe Chew named their two war-born sons Winston Franklin Chew and Josef Chew. Their third was born recently and neighbors eagerly asked his name.

### Late Arrival

Portland, Ore., April 19 (P)—Mrs. Louisa Dingman, who can still thread a needle without glasses at the age of 81, listened to her 21-year-old grandson complain about the pain from a wisdom tooth he was cutting.

"Why, I don't complain about mine at all," she chided. And opened her mouth to show him where her first wisdom tooth was putting in an appearance.

### Speeding Business Up

Chicago, April 19 (P)—The police drive on speeders brought an overflow crowd of nearly 800 before Traffic Judge Leon Edelman yesterday—the largest court call in five years.

One of the defendants, Raymond Yenchus, 27, offered what Judge Edelman termed "the most unique

excuse I've ever heard." He continued the case to April 30 and suspended his driving privilege after Yenchus explained that he was formerly an ambulance driver overseas and he could not accustom himself to civilian driving.

### Party Goes On

Clinton, Ill., April 19 (P)—The day of Carlene Laws' seventh birthday dawned brightly. Invitations to her party had been sent out, the ice cream ordered and the cake decorated.

But Carlene awakened all broken out with chicken pox. The party, however, went off on schedule—or almost. The guests were stopped at the front porch; peeked at Carlene, propped in bed in the front window; and were served their refreshments there, neatly done-up in paper bags.

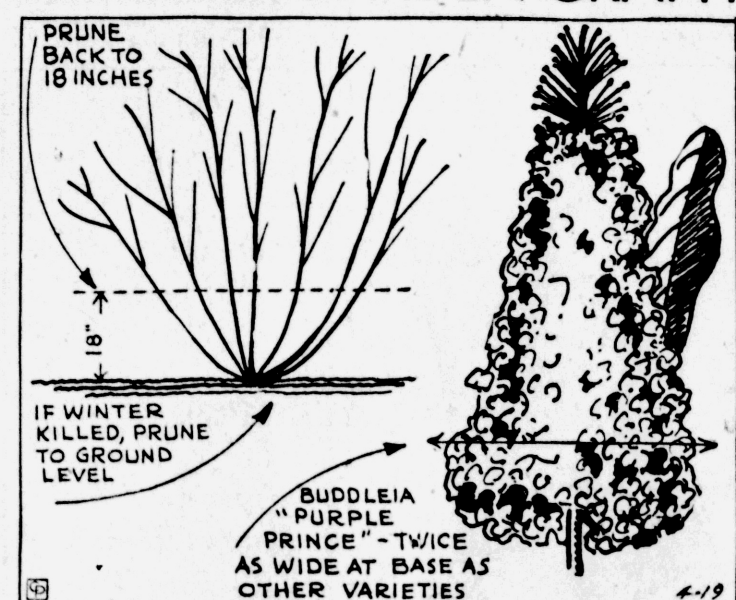

### Airline Home-Owned

Citizens of Mexico now control Compania Mexicana de Aviacion, the firm established there 17 years ago by Pan American World Airways, Mexico City announced. Pan American ratified the sale of an additional 13,750 shares to Mexican nationals. This was the second step, the first having been taken in 1944 when 44 per cent of the company's capital stock was publicly sold to Mexicans. The line has a network of 4,296 miles and in 1945 carried 118,000 passengers, flying 63,000,000 passenger miles.

### Has Writing Brother

Atlanta, (P)—Margaret Mitchell, the "Gone With the Wind" author, has a brother who also has turned out a book, but he isn't hoping to rival Margaret's sales. You see, the book is called "The Property of Georgia." Under the Code of Georgia and the Georgia Decisions," Stephens Mitchell, teaching a course in real property at a law school here, found it hard to handle Georgia law on real property. Most textbooks dealt with common law states, whereas Georgia law is embodied in the code. So he wrote his own textbook.

### Early Pruning Benefits Butterfly Bush

By DEAN HALLIDAY  
Released by Central Press Association

THE BUTTERFLY BUSH is both the pride and despair of many home gardeners because its growing habits are so baffling.

It will flourish one season and die back the next. This is because it is a shrub that is susceptible to severe cold. It comes from a large family of shrubs of which only a few specimens are hardy.

Whether injured by winter's cold or not, Butterfly Bush, or Buddleia, is benefited by early spring pruning.

Because Buddleia is a late blooming shrub, it can be pruned now without interfering with the coming season's blossoms.

Prune back to within 18 inches of the ground, as illustrated in the accompanying Garden-Graph.

### Iran's Censorship, Presumably Brought on by Another, Considered More Dangerous Than Spanish Situation

By DAVID LAWRENCE

Washington, April 19 — Iran, the late President Roosevelt inscribed on many a banner that was unfurled during the war to encourage American boys to give their lives for that cause.

What will the United Nations Security Council do about it? Should it not ask the government of Iran for an explanation and ask for testimony from newspapers in Iran? Should not the representatives of the press and government of Iran be brought before the Council in an inquiry to what were the forces or influences behind this sudden use of censorship powers, especially as they relate to foreign correspondents?

If the Security Council is authorized to investigate "any situation" which could conceivably endanger the peace of the world, then what has just occurred in Iran is pertinent. The form of censorship imposed is one of the most unreasonable ever devised. Correspondents are not even permitted to see what is deleted or to learn whether their dispatches have been suppressed.

The American embassy at Teheran cables to the Department of State the facts and indicated the seriousness of the development.

The American delegate to the United Nations conference has the right to ask that the subject be put on the agenda of the Security Council for further investigation. Once a small country subject to foreign influences loses its autonomy, the United Nations has the right to inquire whether the nation back of the move has an aggressive purpose. The forcing of a censorship on a weak neighbor is an incipient form of aggression.

The United Nations charter was designed to nip aggression in the bud before it could flourish. If the League of Nations could have sensed the dangers in Hitler's totalitarianism as early as 1934 and 1935 and if the powers had acted in concert then, there might never have been an opportunity for the Nazis to gather the raw materials they needed to build their armament and World War II might have been prevented. The United Nations has before it the pattern of totalitarianism which led to aggression before. The abolition of the four freedoms is regarded as the beginning of trouble in any area of the world. ## BABSON ON BUSINESS

### BABSON DISCUSSES THE U. N.

Babson Park, Mass., April 19— I cannot understand why there is so much pessimism regarding the world in general. There is little justification for much of the fear which radio broadcasters are putting out over the air.

Regarding the Veto

We hear much talk that the new World Organization is to be a failure. All impartial evidence is to the contrary. It is succeeding wonderfully. The very fact that all the discussions are in the open for the entire world to hear is of itself a great forward step. It makes a bad impression to read of these U. N. squabbles; but it is much better to have all discussions "on the table." There is much criticism that any one of the five big powers can veto measures; but this work to the advantage of the United States or England as well as to Russia. Besides, there are so many good things which the U. N. can do, upon which they are in agreement, they had better forget other matters for the present. World peace will never be attained by mere majority votes. They must be unanimous to truly hold and succeed.

What About World War III?

Of course, wars are not at an end. There will be more wars and there may be another World War; but there is nothing in sight today which makes it probable. The atom bomb is more likely to insure peace than to bring about war. This present talk about a war with Russia should stop. It is largely to help columnists sell their wares.

I believe we should give the atom secret to the U. N. The peace possibilities of atomic energy are so great, atomic energy should be encouraged by all nations with the freest interchange of scientific knowledge. Nations never go to war when they are prosperous. Atomic energy possesses the power to make every nation prosperous. Hence, I am an optimist on world affairs.

Mrs. William Freer of Kingston is spending some time with Mrs. Roney Krom and family.

Morris Kutay has purchased the former Crystal Hotel.

### Freedom of Speech

We all should work for the Four Freedoms—both internationally and domestically. We, however, can have freedom of speech in our own neighborhood without forcing ourselves into every home. A truly "good neighbor" policy requires getting the good will and confidence of all who live on our street. This cannot be secured by forcing ourselves into any home until we are invited.

The same principle applies to nations. I wish all nations would let our people roam about their countries and would, each year, exchange 5,000 students with us. But such an exchange should not be forced or bought with money. We cannot make anyone like us by our being "tough." Other nations are trying out economic and social experiments called "Communism" or "Socialism." We should let them do so in their own way—with or without the help of our visitors or writers. Likewise, we are trying out an economic and social experiment called "Free Enterprise." It is up to the reader of this column to help make this American system a success with no interference from abroad.

Great Experiments

Only the future can tell which of the above systems will ultimately win out; but each should be given a fair chance to succeed if it can. My own feeling is that there may be a happy medium between Communism and Capitalism. Certainly, no World War III is needed to solve the question. In fact, the real answer can be found during an era of world peace.

Yes, we have much for which to be thankful. Although very "noisy," yet international conditions are safer today than ever before. The U. N. will succeed, the much despised "cold war" may be an assurance for peace. Let us first be tough with our own people and discipline them—that is, let us be "tough and discipline ourselves—as individuals. This will be the best sign of the much needed spiritual awakening for which so many of us are praying.

It is estimated that there still are 100,000 bodies under the ghetto ruins.

## Japanese Death Ray Work Should Be Warning, Says U.S. Scientist Wilkinson

By WILLIAM GLOVER  
New York, April 19 (AP)—Japanese efforts to develop an effective death ray as a grim application of the principles of radar should be a warning to the American people.

"The public, including most American scientists," says Wilkinson, who directed a survey of Japanese radar development for the Far Eastern Air Forces, "have the mistaken impression that the Japanese did nothing original in the war, and only made poor copies of such Allied equipment and techniques as they could capture, and whatever the Germans chose to give them. This is a dangerous attitude."

Wilkinson, back now as a technician in the Bell Telephone Laboratories, spent 26 war months in the Pacific and was assigned to a closeup study of Japanese radar research immediately after V-J Day as a civilian consultant with the Air Technical Intelligence Group.

Wilkinson said that when the war ended, the Japanese were ready to try a death ray machine capable of focussing a lethal beam over one-mile range. In experimental tests, the ray had been able to kill rabbit within about 30 minutes at a distance of 100 feet. The ultra-high frequency radio signals caused blood cells in

the victim's lungs to break down so that hemorrhages resulted. The objective, Wilkinson explained, apparently was to use the device against advancing ground troops by training the beam on personnel for three or four hours.

**Hoped for Broad Beam**  
The Japanese apparently hoped to make the invisible beam broad enough for simultaneous blanketing of large groups of men. Pointing out that the device was still in a laboratory stage and expressing no opinion as to whether it might ultimately have been successful, Wilkinson cited the work merely as demonstrating the non-limitative enterprise and ability of Japanese scientists.

During much of the war, concentrated development of radar for the Japanese was neglected under the psychology of offensive because the devices were considered primarily defensive.

On surrender day, Wilkinson said, the Japanese were three years behind the allies in development of fire control and air radar devices because of faults in military policy and liaison. The Japanese utilized only about 10 per cent of available scientific talent for war purposes. Jealousies between the Japanese Army and Navy added further handicaps.

As an example, the Army required one of the electronic centers to develop an entirely new radar device—including the design of new tubes—for a certain purpose even though a satisfactory set already had been developed for the Navy. In separate instances, scientists on separate projects were not permitted to exchange information, and the military would not permit technicians to observe field operation of apparatus.

"The errors on the part of the military in Japan are now well appreciated by all Japanese," said Wilkinson. "They would not make the same mistakes again."

## Editors May Study Plan to Produce 'Spot News' Daily

**One Publisher Takes View Such Service Would Keep Government Out of Business**

Washington, April 19 (AP)—The American Society of Newspaper Editors may consider today or tomorrow a recommendation that this country's private press edit and finance a daily "spot news" report for distribution abroad as part of the government's information program.

The proposal was being discussed widely among the newspaper executives as they entered the second day of the society's annual convention here. Its chance of approval remained uncertain.

One prominent publisher, unwilling to permit use of his name at this time on the ground that he is not the author of the plan, said it would provide a test on how far the newspapers are willing to go in keeping the government out of the business of distributing news abroad.

(The term "spot news" in journalistic language covers day-by-day developments, as contrasted to "background" news, which furnishes the history leading up to a current development.)

Should such a recommendation gain approval, there would remain the question of obtaining approval from the publishers who would bear the cost, of setting up a method for financing it, and of establishing a staff and a system for collecting and editing the news.

Disclosure of the proposal came less than a day after William Benton, Assistant Secretary of State, called upon the editors to undertake a "continuing study of the whole field of handling news abroad" by both private agencies and government services.

**Prefers Broadcasts**  
Benton said that he would prefer to have shortwave news broadcasting handled by a private agency "if it were done adequately." But he expressed doubt that this could be done in view of the financial losses involved.

He said at one point that "even the spot news can only be understood by people in other countries in the context of background material adapted to their comprehension. The wire services today provide but little background material."

Benton advanced his study proposal after outlining his arguments for maintaining a State Department Information Service abroad, and the "inconvenience" he said were caused by withdrawal of the Associated Press and the United Press Services from the program.

(The Associated Press withdrew its report from the State Department last January on the ground that "the government cannot engage in newscasting without creating the fear of propaganda, which necessarily would reflect upon the objectivity of the news services from which such newscasts are prepared." The United Press later cancelled its service to the department.)

**Other Suggestions**  
Benton suggested that the editors: Study the foreign output of the American Press Services as to coverage, volume and character of content.

Study the impact on foreign peoples of the news they receive about America from all sources. Identify the nature of the misconceptions about America which arise from inadequate, unintelligible or distorted news, and to spot the gaps that need to be filled.

Recommend steps to fill the gaps, either by private or government action.

Advise the State Department in its efforts to advance the free flow of news and information throughout the world.

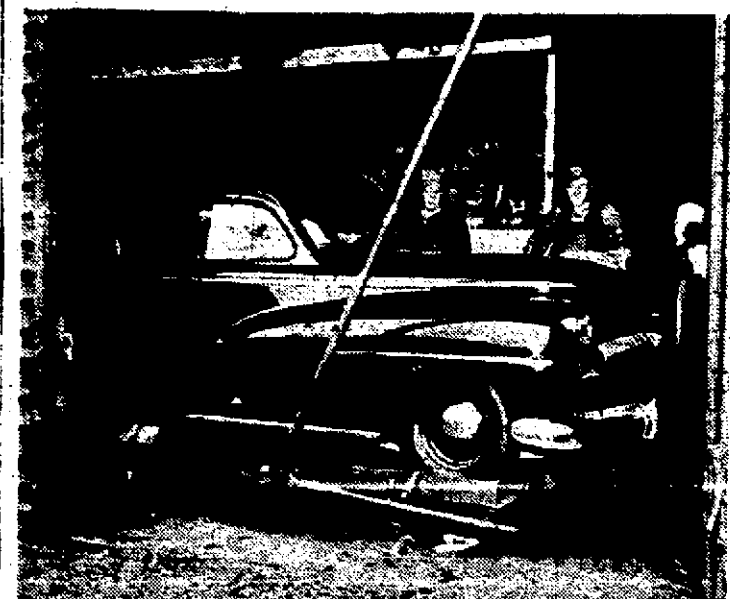

The editors will "talk shop" early today, hear General Eisenhower speak off the record at lunch and interview three Russian war correspondents in the afternoon.

## HIGHLAND NEWS

Highland, April 19—Plans for the initiation of new members received during the year were talked over at the meeting of the Lions Club following the dinner at the Lorraine Monday evening. Martin Dayton presided and appointed Stanley Lester, William Coy, John Bruckdacher, John J. Gaffney as committee on arrangements. The club has nine new affiliates already. The Vacationland folders which have been arranged for to advertise the attractions of the towns of Marlborough, Plattkill and Lloyd are still unfinished and the club hopes to have them soon. Eugene Noe, chairman of the basketball games held reported the sum of \$96 as the result, after all expenses had been paid. This money is used for spectacles for children. A communication had been received from Mr. Weber, manager of the donkey baseball game giving the first of July as a date for Highland. Attending were Mr. Dayton, William Coy, Albert Langdon, Arthur Clarke, Dr. Victor Salvatore, John Bruckdacher, Eugene Noe, Irving Rathgeb, Webster Langdon, S. R. Gilmore, Stanley Lester. At the next meeting Rathgeb will give a talk on his recent visit to Guatemala.

Miss Florence Jago of Mt. Vernon arrives today for a week with Mr. and Mrs. Victor Clearwater. Miss Peggy Hildebrand arrived Wednesday from Drew Seminary where she is a senior. Mrs. Paul Munson will be the speaker at the meeting of the W.C.T.U. County Institute in the Methodist Church Wednesday.

The Officers' Club of Highland Chapter, Order of Eastern Star, met Tuesday evening with Mr. and Mrs. Jesse Alexander at the Elms. Present at the social evening were Mrs. Alex Grooman, Mrs. Bertram Cottine, Mr. and Mrs. Harry B. Cotant, Mr. and Mrs. Harry B. ## Pilgrims Visit Mount Calvary

**Vast Throngs Pay Tribute to Christ in Jerusalem**

Jerusalem, April 19 (AP)—Vast throngs of pilgrims, some carrying crosses, walked along the Via Dolorosa from Pilate's Palace to Mount Calvary today as the Holy Land held Good Friday services commemorating the last hours and crucifixion of Christ.

Despite tension caused by a paralyzing strike of 50,000 civil workers and the prolonged conflict between Jews and Arabs, one of the largest crowds in recent years pressed through the dingy, cobblestoned streets of Jerusalem's old city.

Pilate's Palace, where the pilgrimages began, now is a Roman Catholic convent. The church of the Holy Sepulcher stands at the other end of the Via Dolorosa, on Golgotha, where Christ died on the cross.

The passion services began last night, with rites in the Garden of Gethsemane commemorating the final hours of prayer by Jesus and his betrayal by Judas.

Earlier, the ancient rites of Maundy Thursday were held, with various sects reenacting their interpretation of the events of "The Last Supper."

Eastern sects of Christianity

held services marked by colorful pageantry.

The unusually large number of pilgrims was attributed to the fact that the eastern observances of the western and eastern Christian faiths coincide this year. Christian services were held by at least a dozen sects in modern languages, in Latin and in the nearly forgotten tongues of the ancient Egyptians and Phrygians.

Meanwhile, Jews celebrated the Passover and Moslems observed Nabi Musa. Authorities were alert for possible outbreaks of violence. Arab legionnaires armed with rifles passed among the celebrants.

Civilian workers staged a three-hour walkout yesterday in sympathy with the 50,000 government, railroad and postal system employees, who are striking for higher pay. The strikers swelled the throngs of colorfully dressed celebrants.

Latest GI brides in Britain to revolt against their fate are about 100 girls in Belfast, who styled themselves "the forgotten GI wives" and besieged the U. S. Consulate in Northern Ireland demanding transportation to join their husbands. They complained that Ulster wives of American soldiers had received a "raw deal" compared with English and Continental brides. It was reported that, in all, there were 1,200 of these wives in Ulster and 400 to 500 children awaiting ships at the end of February.

## Jews Pay Tribute

Warsaw, April 19 (AP)—Poland's Jews paid tribute today to their dead in the ruins of what was once the world's largest ghetto. Dr. Emil Sommerstein, president of the Central Committee of Polish Jews, laid a wreath on a symbolic tomb in the memory of Jews who fought an unsuccessful insurrection against the Nazis in April, 1943. It is estimated that there still are 100,000 bodies under the ghetto ruins.

## Japanese Death Ray Work Should Be Warning, Says U.S. Scientist Wilkinson

By WILLIAM GLOVER  
New York, April 19 (AP)—Japanese efforts to develop an effective death ray as a grim application of the principles of radar should be a warning to the American people.

"The public, including most American scientists," says Wilkinson, who directed a survey of Japanese radar development for the Far Eastern Air Forces, "have the mistaken impression that the Japanese did nothing original in the war, and only made poor copies of such Allied equipment and techniques as they could capture, and whatever the Germans chose to give them. This is a dangerous attitude."

Wilkinson, back now as a technician in the Bell Telephone Laboratories, spent 26 war months in the Pacific and was assigned to a closeup study of Japanese radar research immediately after V-J Day as a civilian consultant with the Air Technical Intelligence Group.

Wilkinson said that when the war ended, the Japanese were ready to try a death ray machine capable of focussing a lethal beam over a one-mile range. In experimental tests, the ray had been able to kill a rabbit within about 30 minutes at a distance of 100 feet. The ultra-high frequency radio signals caused blood cells in

the victim's lungs to break down so that hemorrhages resulted. The objective, Wilkinson explained, apparently was to use the device against advancing ground troops by training the beam on personnel for three or four hours.

**Hoped for Broad Beam**  
The Japanese apparently hoped to make the invisible beam broad enough for simultaneous blanketing of large groups of men. Pointing out that the device was still in a laboratory stage and expressing no opinion as to whether it might ultimately have been successful, Wilkinson cited the work merely as demonstrating the non-imitative enterprise and ability of Japanese scientists.

During much of the war, concentrated development of radar was neglected under the Japanese psychology of offensive because the devices were considered primarily defensive.

On surrender day, Wilkinson said, the Japanese were three years behind the allies in development of fire control and air radar devices because of faults in military policy and liaison. The Japanese utilized only about 10 per cent of available scientific talent for war purposes. Jealousies between the Japanese Army and Navy added further handicaps.

As an example, the Army required one of the electronic centers to develop an entirely new radar device—including the design of new tubes—for a certain purpose even though a satisfactory set already had been developed for the Navy. In other instances, scientists on separate projects were not permitted to exchange information, and the military did not permit technicians to observe field operation of apparatus.

"The errors on the part of the military in Japan are now well appreciated by all Japanese—military, academic and industrial leaders," said Wilkinson. "They would not make the same mistakes again."

## Editors May Study Plan to Produce 'Spot News' Daily

**One Publisher Takes View Such Service Would Keep Government Out of Business**

Washington, April 19 (AP)—The American Society of Newspaper Editors may consider today or tomorrow a recommendation that this country's private press edit and finance a daily "spot news" report for distribution abroad as part of the government's information program.

The proposal was being discussed widely among the newspaper executives as they entered the second day of the society's annual convention here. Its chance of approval remained uncertain.

One prominent publisher, unwilling to permit use of his name at this time on the ground that he is not the author of the plan, said it would provide a test on how far the newspapers are willing to go in keeping the government out of the business of distributing news abroad.

(The term "spot news" in journalistic language covers day-by-day developments, as contrasted to "background" news, which furnishes the history leading up to a current development.)  
Should such a recommendation gain approval, there would remain the question of obtaining approval from the publishers who would bear the cost, of setting up a method for financing it, and of establishing a staff and a system for collecting and editing the news.

Disclosure of the proposal came less than a day after William Benton, Assistant Secretary of State, called upon the editors to undertake a "continuing study of the whole field of handling news abroad" by both private agencies and government services.

**Prefers Broadcasts**  
Benton said that he would prefer to have shortwave news broadcasting handled by a private agency "if it were done adequately." But he expressed doubt that this could be done in view of the financial losses involved.

He said at one point that "even the spot news can only be understood by people in other countries in the context of background material adapted to their comprehension. The wire services today provide but little background material."

Benton advanced his study proposal after outlining his arguments for maintaining a State Department Information Service abroad, and the "inconvenience" he said was caused by withdrawal of the Associated Press and the United Press Services from the program.

(The Associated Press withdrew its report from the State Department last January on the ground that "the government cannot engage in newscasting without creating the fear of propaganda, which necessarily would reflect upon the objectivity of the news services from which news-casts are prepared." The United Press later cancelled its service to the department.)

**Other Suggestions**

Benton suggested that the editors:

Study the foreign output of the American Press Services as to coverage, volume and character of content.

Study the impact on foreign peoples of the news they receive about America from all sources.

Identify the nature of the misconceptions about America which arise from inadequate, unintelligible or distorted news, and to spot the gaps that need to be filled.

Recommend steps to fill the gaps, either by private or government action.

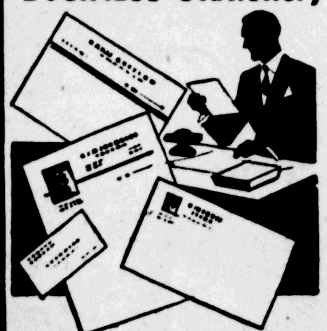

Advise the State Department in its efforts to advance the free flow of news and information throughout the world.

The editors will "talk shop" early today, hear General Eisenhower speak off the record at lunch and interview three Russian war correspondents in the afternoon.

**Glad to See Firemen**

Murphysboro, Ill. — (AP) — Mrs. Myrtle Camden, busily fighting a grass fire in her yard here armed only with a pair of gloves, breathed a sigh of relief as she heard sirens of approaching fire trucks. But, the firemen sped past her and dashed toward her house. Engrossed with the grass blaze, she failed to notice flames licking along her roof.

## HIGHLAND NEWS

Highland, April 19—Plans for the initiation of new members received during the year were talked over at the meeting of the Lions Club following the dinner at the Lorraine Monday evening. Martin Dayton presided and appointed Stanley Lester, William Coy, John Brucklacher, John J. Gaffney as committee on arrangements. The club has nine new affiliates already. The Vacationland folders which have been arranged for to advertise the attractions of the towns of Marlborough, Plattekill and Lloyd are still unfinished and the club hopes to have them soon. Eugene Noe, chairman of the basketball games held reported the sum of \$96 as the result, after all expenses had been paid. This money is used for spectacles for children. A communication had been received from Mr. Weber, manager of the donkey baseball game giving the first of July as a date for Highland. Attending were Mr. Dayton, William Coy, Albert Langdon, Arthur Clarke, Dr. Victor Salvatore, John Brucklacher, Eugene Noe, Irving Rathgeb, Webster Langdon, S. R. Gilmore, Stanley Lester. At the next meeting Mr. Rathgeb will give a talk on his recent visit to Guatemala.

Miss Florence Jago of Mt. Vernon arrives today for a week with Mr. and Mrs. Victor Clearwater. Miss Peggy Hildebrand arrived Wednesday from Drew Seminary where she is a senior.

Mrs. Paul Munson will be the speaker at the meeting of the W.C.T.U. County Institute in the Methodist Church Wednesday.

## Elections Don't Express Will of Japs Says Red

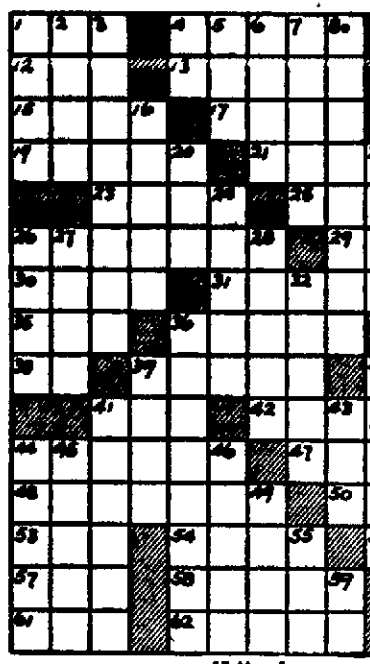

Moscow, April 18 (AP)—Red Star Commentator I. Ilyshvsky asserted today that the recent Japanese elections do not express the will of the Japanese people and cannot create a base for representative government as called for by the Potsdam declaration.

"The victory of the reactionary forces of Japan in the parliamentary elections," he wrote, "witnesses that, under the external cover of democratization, there continues to function Japan's old militaristic forces, who still have not been overthrown either economically or politically."

## OFFICE CAT

By Junius

Handle With Care  
Friendship frequently is fragile. And a "crack" can make it crack. If your tongue's a bit too agile. With a critical attack. Friends have faults, but never mind 'em. They have feelings, too; don't abuse 'em. You must take 'em as you find 'em. Or you'll lose 'em. Loyalty that's staunch, unchanging. Can be made to fade from view. If you start in rearranging. What your friends should say and do. Tho' your egotism blind them. To their flaws don't disabuse 'em. You must take 'em as you find 'em. Or you'll lose 'em. They're as they are, and you're as you are. So be wise and leave 'em lay! Even comrades tried and true. Sometimes criticized away. Friends are as the Lord designed 'em. That's the way you have to choose 'em. You must take 'em as you find 'em. —Or you'll lose 'em! —Berton Braley

### "Collecting" Souvenirs

In Starbeam, column, Kansas City Star, an Arkansas woman, returning with the family from a winter spent in California, says that most of all she enjoyed the souvenir hunting on the trip. Among her souvenirs are bed sheets and pillow cases from some of the best known hostilities in New Mexico and Arizona, a full set of silver of 26 pieces—one each from 26 different eating places—and a remarkable collection of towels. One of the most prized souvenirs was a real

Navajo blanket worn by a very famous Indian chief. The blanket was taken from the chief while he was sleeping on a sidewalk in Phoenix.

Golfer to his caddy, as they set off from the first tee—I'm very anxious to make a terrific drive. That's my wife's mother standing across the field there, and she thinks I can't play.

Caddy—Sorry, Sir, but you can't expect to hit her at 200 yards.

There are many ways, says Dorothy Dix, for unattractive girls to improve their looks. Especially if they have the money to purchase the decorations.

The man was making quite a speech urging the small crowd to do something or other. He ranted at length about this and that person in authority and finally reached a climax:

Man (shouting)—They want us to keep our noses to the grindstone for their special benefit. Can anyone of you justify this position?

Mild-Looking Man (speaking up)—One thing about having your nose to the grindstone is that you don't have time to go poking it into someone else's business.

Candidate (shouting, bringing his fist down on the table)—I am willing to trust the people.

Little Man (in the audience to man next to him)—My, I wish he'd open a grocery store here.

### Elections Don't Express Will of Japs Says Red

Moscow, April 18 (AP)—Red Star Commentator I. Ilyshesky asserted today that the recent Japanese elections do not express the will of the Japanese people and cannot create a base for representative government as called for by the Potsdam declaration.

"The victory of the reactionary forces of Japan in the parliamentary elections," he wrote, "witnesses that, under the external cover of democratization, there continues to function Japan's old militaristic forces, who still have not been overthrown either economically or politically."

SAUGERTIES, N. Y.  
 My Dear Folks:  
 May I come to your homes and chat a while. It has been quite some time since I have done so. But now spring has come and everybody likes to take a drive into the open country and enjoy God's creation of nature. What is more beautiful than the trees in blossom and everything else coming back to life? There is so little in life to be enjoyed under present conditions but we are still much better off than any other country in the world. Why not make your Sunday a perfect day and go to church and pray. May our prayers be answered with a lasting Peace.

After church drive to the famous Schoentag's Hotel which is still under the personal supervision of John B. Pfeleghaar and will remain so. You will enjoy the same good as you always have in the past.  
 Do not be misled by rumors that the quality of our food has changed. It is true that the property has changed hands but not the management.

### Fight Over Draft Has Effect Upon Program of State

Enrollment at Colleges  
 Might Be Less, if  
 Selective Service  
 Is Extended

By ROBERT S. JOHANSON  
 Albany, N. Y., April 19 (AP)—Congressional battling over the fate of selective service has posed a new problem for Governor Dewey's administration in its efforts to expand college facilities to accommodate war veterans.

Some Education Department officials believe that if the draft is extended, next fall's enrollment in New York's colleges and universities might be about 20,000 less than the anticipated 200,000.

Thus, they add, conversion of military installations to accommodate approximately 19,000 students might not be necessary.

Most of the department's experts contend, however, that regardless of continuation of selective service, now pending in Congress, the state's college enrollment probably will not fall to the prewar level of 105,000.

Therefore, they reason, such installation as Sampson Naval Training Station must be turned into colleges temporarily to take care of the thousands of veterans for whom facilities in existing colleges are not available.

Although the fate of the draft has left Education Department officials somewhat "up in the air" over what enrollment to expect, the administration nevertheless is proceeding with steps to convert army and navy facilities into institutions of higher learning.

The program stems from a conference of college presidents called in March by Governor Dewey.

At that meeting, the college heads agreed to attempt an expansion to cover 60,000 more students than the 142,000 they previously had estimated they could accommodate next fall.

They planned to teach 31,000 additional students on campus, 10,000 more in off-campus courses and 19,000 in converted military establishments. Of the last group 10,000 to 12,000 would be accommodated at Sampson.

In subsequent meetings and negotiations, state officials have obtained tentative agreement by federal housing officials to extend aid of from \$15,000 to \$20,000, for veterans' college dwellings.

In addition, the administration estimated state funds of \$13,000,000 to \$15,000,000 will be needed.

from the \$35,000,000 emergency housing appropriation approved early in this year's legislative session.

State funds will provide some housing as well as new classrooms, laboratories, libraries, dining facilities and transportation. The state also will back colleges against financial loss in setting up temporary veterans' colleges.

Dewey this week signed legislation authorizing these steps.

Sampson will be the largest such college, teaching freshmen and sophomore subjects. It will be run cooperatively by Colgate, Cornell, Syracuse, Hobart and the University of Rochester.

Plattsburgh's non-used military post—with its beautiful, brick buildings—is receiving serious consideration as similar college for an estimated 1,500 to 2,000 students. This may be run by some combination of these colleges: Union, St. Lawrence, Rensselaer Polytechnic, Ithaca College, Clarkson, and Plattsburgh State Teachers.

Rhoads Hospital, Utica, being given up by the Army, is also in the running. The Education Department says it could accommodate 2,000 students.

Malone's abandoned State School for the Deaf, which has several substantial brick structures, and could take care of perhaps 400 students, is another high on the list and probably will be operated by Clarkson.

25 Years to Get Home  
 Peoria, Ill., (AP)—Sgt. Ora E. Maul recently came home from the war—World War I, that is. The sergeant, 50 now and still in the army, reported he had intended to return from Peoria ever since he went to France with the A.E.F., but never got around to it.

### Dewey Vetoes Bill Drawn For Valley Memorial

Albany, N. Y., April 19 (AP)—Governor Dewey has vetoed a bill which would have authorized the state mental hygiene commissioner to lease to the Wingdale Civic Association part of the Harlem Valley State Hospital grounds for a war memorial building.

The governor said in his veto memorandum yesterday that the measure was of "questionable constitutionality."

Dewey added that "probably the same objective sought by this bill can be achieved through the procedure now provided" under a law, approved this year, which authorizes a state department head to declare as abandoned unused land under his jurisdiction.

The Yukon, 2,300 miles long, is the largest river in Alaska and the fifth largest in North America.

SAUGERTIES, N. Y.  
 My Dear Folks:  
 May I come to your homes and chat a while. It has been quite some time since I have done so. But now spring has come and everybody likes to take a drive into the open country and enjoy God's creation of nature. What is more beautiful than the trees in blossom and everything else coming back to life? There is so little in life to be enjoyed under present conditions but we are still much better off than any other country in the world. Why not make your Sunday a perfect day and go to church and pray. May our prayers be answered with a lasting Peace.  
 After church drive to the famous Schoentag's Hotel which is still under the personal supervision of John B. Pfeleghaar and will remain so. You will enjoy the same good as you always have in the past.  
 Do not be misled by rumors that the quality of our food has changed. It is true that the property has changed hands but not the management.

### Fight Over Draft Has Effect Upon Program of State

Enrollment at Colleges  
 Might Be Less, if  
 Selective Service  
 Is Extended

By ROBERT S. JOHANSON

Albany, N. Y., April 19 (AP)—Congressional battling over the fate of selective service has posed a new problem for Governor Dewey's administration in its efforts to expand college facilities to accommodate war veterans.

Some Education Department officials believe that if the draft is extended, next fall's enrollment in New York's colleges and universities might be about 20,000 less than the anticipated 200,000.

Thus, they add, conversion of military installations to accommodate approximately 19,000 students might not be necessary.

Most of the department's experts contend, however, that regardless of continuation of selective service, now pending in Congress, the state's college enrollment probably will not fall to the prewar level of 105,000.

Therefore, they reason, such installation as Sampson Naval Training Station must be turned into colleges temporarily to take care of the thousands of veterans for whom facilities in existing colleges are not available.

Although the fate of the draft has left Education Department officials somewhat "up in the air" over what enrollment to expect, the administration nevertheless is proceeding with steps to convert army and navy facilities into institutions of higher learning.

The program stems from a conference of college presidents called in March by Governor Dewey. At that meeting, the college heads agreed to attempt an expansion to cover 60,000 more students than the 142,000 they previously had estimated they could accommodate next fall.

They planned to teach 31,000 additional students on campus, 10,000 more in off-campus courses, and 19,000 in converted military establishments. Of the last group 10,000 to 12,000 would be accommodated at Sampson.

In subsequent meetings and negotiations, state officials have obtained tentative agreement by federal housing officials to extend aid of from \$15,000,000 to \$20,000,000, for veterans' college dwellings.

In addition, the administration estimated state funds of \$13,000,000 to \$15,000,000 will be needed

from the \$35,000,000 emergency housing appropriation approved early in this year's legislative session.

State funds will provide some housing as well as new classrooms, laboratories, libraries, dining facilities and transportation. The state also will back colleges against financial loss in setting up temporary veterans' colleges. Dewey this week signed legislation authorizing these steps.

Sampson will be the largest such college, teaching freshman and sophomore subjects. It will be run cooperatively by Colgate, Cornell, Syracuse, Hobart and the University of Rochester.

Plattsburgh's non-used military post—with its beautiful, brick buildings—is receiving serious consideration as similar college for an estimated 1,500 to 2,000 students. This may be run by some combination of these colleges: Union, St. Lawrence, Rensselaer Polytechnic, Ithaca College, Clarkson, and Plattsburgh State Teachers.

Rhoads Hospital, Utica, being given up by the Army, is also in the running. The Education Department says it could accommodate 2,000 students.

Malone's abandoned State School for the Deaf, which has several substantial brick structures, and could take care of perhaps 400 students, is another high on the list and probably will be operated by Clarkson.

### Dewey Vetoes Bill Drawn For Valley Memorial

Albany, N. Y., April 19 (AP)—Governor Dewey has vetoed a bill which would have authorized the state mental hygiene commissioner to lease to the Windale Civic Association part of the Harlem Valley State Hospital grounds for a war memorial building.

The governor said in his veto memorandum yesterday that the

measure was of "questionable constitutionality."

Dewey added that "probably the same objective sought by this bill can be achieved through the procedure now provided" under a law, approved this year, which authorizes a state department head to declare as abandoned unused land under his jurisdiction.

The Yukon, 2,300 miles long, is the largest river in Alaska and the fifth largest in North America.

### Frederick Cogan Weds Miss Ethel Flowers

Miss Ethel Flowers, 61 Downs street, and Frederick Cogan, 2315 Plumb Second street, Brooklyn, were married Sunday at 1:45 p. m. in the parsonage of the Roundout Presbyterian-Baptist Church. The Rev. Robert E. Osman, pastor officiated.

The bride wore an aquamarine suit with black accessories and a corsage of pink sweetpeas. Mrs. Jacob Schultz of 601 Delaware avenue as matron of honor wore a navy blue suit with navy accessories and a corsage of gardenias. William Cogan, son of the bridegroom, acted as best man.

A wedding dinner for the bridal party and immediate families was served at Schoentag's. Mr. and Mrs. Cogan left for a wedding trip to St. Petersburg, Fla. They will make their home at 2315 Plumb Second street, Brooklyn.

### Eugene Devereaux Will Teach Theory at Juilliard School

Eugene Devereaux, a native of Kingston, will teach theory of music at the Juilliard Summer School in New York, from July 1 to August 9.

Mr. Devereaux, a graduate of Trinity School of Church Music of Columbia University, of Union Theological Seminary, New York, also studied at the University of Iowa.

He was piano soloist with Cedar Rapids Symphony, Cedar Rapids, Iowa, and with the Chicago Symphony. He taught at Washington State College, Pullman, Wash., and at Cornell College, Mount Vernon, Iowa.

### Grant-Johnson Nuptial Plans Are Announced

Announcement has been received of the approaching marriage of Mrs. Edward Saunders Johnson, (Christine Dilon Johnson), daughter of Mrs. Sarah Costello Johnson of Woodstock and New York city, to Lt. Col. Stuart Grant, formerly of Chicago, now of Stamford, Conn., and New York city. The wedding will take place at a solemn Nuptial Mass Monday morning, May 27, at 10:30 o'clock in St. Joan of Arc Roman Catholic Chapel, Woodstock. The Rev. Philip J. Nolan, pastor, will officiate.

They expect to make their home in Woodstock after their marriage. Mrs. Johnson is vice chairman of the membership committee of the 75th Anniversary Celebration of the Metropolitan Museum Art and will continue with her work until the program is completed.

Colonel Grant was born and educated in Chicago and was formerly with the Pure Oil Co. there. He is now assistant to the vice president of Alradio, Inc., Stamford, Conn. He entered active duty at Wright Field, Dayton, O., April, 1941, where he was contracting officer in charge of all airborne radio and radar countermeasures equipment for the Army Air Forces.

### Music Group Studies

Music Appreciation Group of the Y.W.C.A. Women's Club met with Mrs. Raymond Woodard, 42 Roosevelt avenue, Thursday afternoon. The program of choral masterpieces in keeping with the Lenten season was planned by Mrs. William S. Jackson and Mrs. Henry Millington.

The growth of the oratorio was traced through the years and stories of the composers with emphasis on the choral works of each were given by Mrs. Jackson. Comments were given on the recordings from "St. John's Passion," Bach; "The Messiah," Handel; "St. Paul" and "Elijah," Mendelssohn; "Requiem" Faure.

Following the meeting a social hour was held. Refreshments were served by the hostess assisted by Mrs. Richard C. Morse.

Announcement was made of the spring luncheon of the Women's Club at the Y.W.C.A. Thursday at 1 o'clock. Notice was also made of the musical program to be given Saturday afternoon, May 11, at the Y.W.C.A. by the Musical Society.

The topic of "Chamber Music" for the May 2 meeting will be prepared by Mrs. Harry Smith and Mrs. Richard C. Morse. The meeting will be held at the home of Mrs. Alfred Schmid, 42 Johnston avenue.

### Ruth Franchling Will Be Bride of Ward Reynolds in May

Mr. and Mrs. Fennell C. Franchling of Woodstock have made known the approaching marriage of their daughter, Miss Ruth Franchling to Ward Reynolds of Halcott Center. The marriage will be performed May 4.

Miss Franchling who served as a Wasp ferrying all types of planes, started her career as a flier at the Kingston Airport with Mrs. Frances Hasbrouck. She now owns a Piper Cub. Mr. Reynolds is a dairy farmer.

### Boys' and Men's Choir Will Sing Easter Day At St. John's Church

The full choir of 26 boys and men, under the direction of Robert Williams, will sing the Liturgical music of the Episcopal Church, the Easter hymns and anthems in St. John's Episcopal Church, Albany avenue, on Easter Day. There will be three services, Holy Communion at 8 and 10:45 in the morning, and the children's service at 4 o'clock in the afternoon. The Rev. Robert T. Shellenberger, rector, will be the speaker at each of the services. At the children's service the music will be the familiar Easter hymns and anthems.

The musical program at the two morning services follows:

#### ACCENTS VS. ILLITERACY

A postscript to one of today's letters comments: "Please forgive me for saying that the paragraph in your book stating that New Yorkers do not have a local dialect was most amusing. Of course, we Maine people do! We admit that."

As a whole, the New York accent is a composite of every section of this country as well as almost every country in the world, which hardly can be called a "local dialect." It is true that one hears "yeh," "Omurica," "Toos-deh" and other distortions of the English language but as I explained in my book, accents which are typical of whole sections of the country or inherited from European parents must not be confused with crude pronunciations that have their origin in illiteracy!

#### New Friend Replaces Old

Dear Mrs. Post: Several years ago a friend asked me to be her only wedding attendant. At the time the marriage had to be postponed as the groom left unexpectedly for overseas. Now the wedding is to take place and I understand the bride has asked someone else to attend her. Nothing more has been said to me. I really don't care that I've been put in the discard but I am curious to know whether such a procedure on her part was not very poor manners.

Answer: I do agree that this is an unhappy as well as unusual situation. (It would have been best to have you both.) But if in the last few years you and she have seen nothing of each other and she, let us say, has come into very close contact with a new friend, she should be free to ask her, rather than feel obligated to you.

#### Bride's Thanks

Dear Mrs. Post: Should one write a thank-you note for a wedding present to "Dear Mr. and Mrs. X" or just to one of them and in this event would it be "Mrs. X"? Does it make any difference if they are both strangers to me (friends of the groom) or one is a friend and not the other?

Answer: Always write "Dear Mrs. X" and then say, "Thank you and Mr. Blank or 'Thank you and your husband' etc.

Do you know the correct form for a thank-you letter? Send for Mrs. Post's leaflet, "Model Notes," in care of Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. and enclose a 3-cent stamped, self-addressed envelope. (Released by The Bell Syndicate, Inc.)

## Frederick Cogan Weds Miss Ethel Flowers

Miss Ethel Flowers, 61 Downs street, and Frederick Cogan, 2315 Plumb Second street, Brooklyn, were married Sunday at 1:45 p. m. in the parsonage of the Rondout Presbyterian-Baptist Church. The Rev. Robert E. Osman, pastor officiated.

The bride wore an aquamarine suit with black accessories and a corsage of pink sweetpeas. Mrs. Jacob Schultz of 601 Delaware avenue as matron of honor wore a navy blue suit with navy accessories and a corsage of gardenias. William Cogan, son of the bridegroom, acted as best man.

A wedding dinner for the bridal party and immediate families was served at Schenck's. Mr. and Mrs. Cogan left for a wedding trip to St. Petersburg, Fla. They will make their home at 2315 Plumb Second street, Brooklyn.

## Eugene Devereaux Will Teach

Theory at Juilliard School

Eugene Devereaux, a native of Kingston, will teach theory of music at the Juilliard Summer School in New York, from July 1 to August 9.

Mr. Devereaux, a graduate of Trinity School of Church Music of Columbia University, of Union Theological Seminary, New York, also studied at the University of Iowa.

He was piano soloist with Cedar Rapids Symphony, Cedar Rapids, Iowa, and with the Chicago Symphony. He taught at Washington State College, Pullman, Wash., and at Cornell College, Mount Vernon, Iowa.

## Grant-Johnson Nuptial Plans Are Announced

Announcement has been received of the approaching marriage of Mrs. Edward Saunders Johnson, (Christine Dillon Johnson), daughter of Mrs. Sarah Costello Johnson of Woodstock and New York city, to Lt. Col. Stuart Grant, formerly of Chicago, now of Stamford, Conn., and New York city. The wedding will take place at a solemn Nuptial Mass Monday morning, May 27, at 10:30 o'clock in St. Joan of Arc Roman Catholic Chapel, Woodstock. The Rev. Philip J. Nolan, pastor, will officiate.

They expect to make their home in Woodstock after the marriage. Mrs. Johnson is vice chairman of the membership committee of the 75th Anniversary Celebration of the Metropolitan Museum Art and will continue with her work until the program is completed.

Colonel Grant was born and educated in Chicago, and was formerly with the Pure Oil Co. there. He is now assistant to the vice president of Airadio, Inc., Stamford, Conn. He entered active duty at Wright Field, Dayton, O., April, 1941, where he was contracting officer in charge of all airborne radio and radar countermeasures equipment for the Army Air Forces.

## Music Group Studies

Choral Music Thursday

Music Appreciation Group of the Y.W.C.A. Women's Club met with Mrs. Raymond Woodward, 42 Roosevelt avenue, Thursday afternoon. The program of choral masterpieces in keeping with the Lenten season was planned by Mrs. William S. Jackson and Mrs. Henry Millonig.

The growth of the oratorio was traced through the years and stories of the composers with emphasis on the choral works of each were given by Mrs. Jackson. Comments were given on the recordings from "St. John's Passion," Bach; "The Messiah," Handel; "St. Paul," and "Elijah," Mendelssohn; "Requiem," Faure.

Following the meeting a social hour was held. Refreshments were served by the hostess assisted by Mrs. Richard C. Morse.

Announcement was made of the spring luncheon of the Women's Club at the Y.W.C.A. Thursday at 1 o'clock. Notice was also made of the musical program to be given Saturday afternoon, May 11, at the Y.W.C.A. by the Musical Society.

The topic of "Chamber Music" for the May 2 meeting will be prepared by Mrs. Harry Smith and Mrs. Richard C. Morse. The meeting will be held at the home of Mrs. Alfred Schmid, 42 Johnston avenue.

## Ruth Franckling Will Be

Bride of Ward Reynolds in May

Mr. and Mrs. Fennell C. Franckling of Woodstock have made known the approaching marriage of their daughter, Miss Ruth Franckling to Ward Reynolds of Halcott Center. The marriage will be performed May 4.

Miss Franckling who served as a Wasp ferrying all types of planes, started her career as a dier at the Kingston Airport with Mrs. Frances Hasbrouck. She now owns a Piper Cub. Mr. Reynolds is a dairy farmer.

## Boys' and Men's Choir Will Sing Easter Day At St. John's Church

The full choir of 36 boys and men, under the direction of Robert Williams, will sing the Liturgical music of the Episcopal Church, the Easter hymns and anthems in St. John's Episcopal Church, Albany avenue, on Easter Day. There will be three services. Holy Communion at 8 and 10:45 in the morning, and the children's service at 4 o'clock in the afternoon. The Rev. Robert T. ## ACCENTS VS. ILLITERACY

A postscript to one of today's letters comments: "Please forgive me for saying that the paragraph in your book stating that New Yorkers do not have a local dialect was most amusing. Of course, we Maine people do! We admit that."

As a whole, the New York accent is a composite of every section of this country as well as almost every country in the world, which hardly can be called a "local dialect." It is true that one hears "yeh," "Omurica," "Toos-deh" and other distortions of the English language but as I explained in my book, accents which are typical of whole sections of the country or inherited from European parents must not be confused with crude pronunciations that have their origin in illiteracy!

## New Friend Replaces Old

Dear Mrs. Post: Several years ago a friend asked me to be her only wedding attendant. At the time the marriage had to be postponed for overseas. Now the wedding is to take place and I understand the bride has asked someone else to attend her. Nothing more has been said to me. I really don't care that I've been put in the discard but I am curious to know whether such a procedure on her part was not very poor manners.

Answer: I do agree that this is an unhappy as well as unusual situation. (It would have been best to have you both.) But if in the last few years you and she have seen nothing of each other and she, let us say, has come into very close contact with a new friend, she should be free to ask her, rather than feel obligated to you.

## Bride's Thanks

Dear Mrs. Post: Should one write a thank-you note for a wedding present to "Dear Mr. and Mrs. X" or just to one of them and in this event would it be "Mrs. X"? Does it make any difference if they are both strangers to me (friends of the groom) or one is a friend and not the other?

Answer: Always write "Dear Mrs. X" and then say, "Thank you and Mr. Blank" or "Thank you and your husband" etc.

## Milk Council Plans Emergency Study

Rochester, N. Y., April 19 (AP)—An 11-member extraordinary milk council was to meet this afternoon to consider establishment of emergency milk stations as a means of alleviating a strike-caused milk shortage.

The strike of 700 milk truck drivers, members of an A.F.L. Teamsters Union local, is now in its fourth day. Dr. Albert D. Kaiser, city health officer, has estimated the walkout has caused a daily shortage of about 40,000 quarts a day below the 75,000 quarts he says are needed to maintain the city's minimum health needs.

## Connelly Auxiliary Visits

Veterans at Castle Point. Among the visitors at Castle Point Veterans Hospital Palm Sunday were the Misses Mary Mancuso, Gertrude Benz, Dolores Bishop and Alice Benz, of Connelly. They represented the Connelly Ladies' Auxiliary from Hasbrouck Engine Co. 1 and arranged and distributed 45 gifts.

Auxiliary Directors Meet. A board of directors meeting of the Women's Auxiliary of the Kingston Hebrew School was held at the home of Mrs. Irving Alcon Thursday. An interesting program was discussed. Refreshments were served by the hostess, Mrs. Alcon.

Mr. Winchell was an honor guest of Johns-Manville, and the recipient of an award for his outstanding home insulation sales record during the year 1945. He was inducted into the Hi-Blowers Club, and received the pin and certificate of membership in that honorary organization, at a banquet in the Hotel Commodore.

## Donovan Is Arrested

New York, April 19 (AP)—Arthur Donovan, 54-year-old boxing referee, was arrested today after David S. Corcoran, 58, an insulator, suffered critical injuries in a fall in Fifth avenue. Probationary Patrolmen William King and Vincent O'Rourke said they saw Donovan strike Corcoran, causing him to fall and hit his head on the pavement.

## United Nations Will Employ Many

Continued from Page One

tures. By the time the general assembly meets in September, the total payroll will reach about 2,000 with a gradual increase from there on until the approximate goal of 3,000 is attained, sources declared.

For its international recruiting drive, the U.N. offers prospective employees a five-day work week, 30 days annual leave, 18 days sick leave and a free trip home every two years for those from outside the United States.

Employees from outside United States also will receive a temporary living allowance over and above their salaries for approximately three months after arrival. For those within this country, the U.N. will transport furniture and families to the site.

The question of varied immunities for United Nations personnel probably will not be clarified until the organization moves into its permanent home in about five years.

Sources predicted that eventually the secretary-general would set up a tribunal within the organization to try offenders. Under this system, U.N. personnel arrested would be turned over to such a tribunal for disposition of the case in the same procedure as the Army and Navy now use in operating with local police. Final reports of penalties would be forwarded to the arresting officials.

## Safety Division Will Undertake To Curb Accidents

Albany, N. Y., April 19 (AP)—Coordination of a permanent, statewide accident prevention campaign will be undertaken by a new safety division under a law signed by Governor Dewey.

The measure, recommended by a safety conference called by the governor last March, was approved yesterday together with other anti-accident legislation.

Declaring the safety division bill "marks an important step in removing the hazards to life and property from accidents," Dewey in his approval statement added: "The new division without encroaching upon the responsibilities or duties of existing state department and divisions, will provide for a centrally organized liaison among all the state and local agencies in the promotion of safety in all its phases."

"This will permit intelligent organization of accident prevention information and publicity. It will provide an agency for coordination between the different units of government."

Moreover, ample power is conferred upon the new division to set up programs for local firemen and local police. Provision is also made in the measure for a study in development of a system of periodic inspections of motor vehicles.

The division, set up in the executive department with a \$75,000 appropriation, will include a bureau of safety and accident prevention and fire and police mobilization.

## Work Chosen for Women Artists' Show

New York, April 18 (Special)—Work by two local artists, Julia S. Leaycraft of Woodstock, and Valerie K. Swenson of Allaben, has been chosen for inclusion in the National Association of Women Artists' 54th annual exhibition in the galleries of the National Academy here. The show opened with a reception and will be current through April.

Both are showing oils, Miss Leaycraft, "The Bridge," and Miss Swenson, "Poppies."

This year's event is a large and diversified one, including sculpture, oils, water-colors and the various black and white media. More than 400 entries have been given places in the exhibition.

The show by the women's group, one of the oldest art organizations in the country, is an important annual event in the New York art world.

J. McCausland, vice president; Mrs. Louis Beeres, treasurer, and Mrs. Charles D. Carter, secretary.

## MacArthur, Allied Agencies Face Fight

Continued from Page One

sion. In any case, they said, the total amount shipped to Tokyo would be only about half a "top figure" requested by MacArthur.

Warm Praise, Reassured. Although Berendsen's remarks and those of other commission members included warm praise for MacArthur's administration to date, there was little doubt that they reflected a slow growth of resentment—especially on the part of the smaller nations—at the go-it-alone way in which the United States through MacArthur is continuing to administer Japan.

With such delicate subjects as disposition of Japanese war criminals, reparations and constitutional reform coming up for closer consideration by the commission, some members feel there may be more frequent occasions on which they will find it necessary to ask questions of the supreme commander.

Direct, open clashes among the major Allies over Japanese affairs, however, seem likely to occur much more frequently for the present on the Tokyo council than on the Washington commission.

Wednesday's council session

was marked by sharp exchanges between the Russian and British delegates on one side and Brig. Gen. Courtney Whitney of MacArthur's staff on the other; also by a blunt, written reminder from the Supreme Commander that the council's job was "exclusively advisory and consultative," and not administrative.

MacArthur turned down council requests that he furnish the members with copies of all directives 10 days before issuing them, and also with copies of all orders and directives issued or received by his headquarters since the beginning of the occupation.

## Stone Ridge Woman Shares in Welch Estate

New York, April 18 (Special)—Josephine Daniels of Stone Ridge is left a share in the estate of the late Agnes Sheffield Welch of New York, whose property was appraised today by the State Transfer Tax Department. Named as a half grandniece, she is left one-sixth of the residue.

The testatrix died October 25, 1939, leaving property which today's appraisal sets at \$438,500 gross value, \$414,339 net. She was the wife of the late Francis Welch.

Trust funds of \$100,000 apiece are established for the benefit of a brother, Joseph B. Sheffield, and a sister, Margaret Sheffield, both of New York.

## Milk Council Plans Emergency Study

Rochester, N. Y., April 19 (AP)—An 11-member extraordinary milk council was to meet this afternoon to consider establishment of emergency milk stations as a means of alleviating a strike-caused milk shortage.

The strike of 700 milk truck drivers, members of an A.F.L. Teamsters Union local, is now in its fourth day. Dr. Albert D. Kaiser, city health officer, has estimated the walkout has caused a daily shortage of about 40,000 quarts a day below the 75,000 quarts he says are needed to maintain the city's minimum health needs.

## Connelly Auxiliary Visits

Veterans at Castle Point  
Among the visitors at Castle Point Veterans Hospital Palm Sunday were the Misses Mary Mancuso, Gertrude Benz, Dolores Bishop and Alice Benz of Connelly. They represented the Connelly Ladies' Auxiliary from Hasbrouck Engine Co. 1 and arranged and distributed 45 gifts.

## Auxiliary Directors Meet

A board of directors meeting of the Women's Auxiliary of the Kingston Hebrew School was held at the home of Mrs. Irving Alcon Thursday. An interesting program was discussed. Refreshments were served by the hostess, Mrs. Alcon.

## M. L. Winchell Honored By Johns-Manville

Marshall L. Winchell, sales representative of the Johns-Manville Home Insulation Division, has returned from New York city, where he attended a special meeting sponsored by Johns-Manville. Mr. Winchell was an honor guest of Johns-Manville and the recipient of an award for his outstanding home insulation sales record during the year 1945. He was inducted into the Hi-Blowers Club, and received the pin and certificate of membership in that honorary organization, at a banquet in the Hotel Commodore.

According to Mr. Winchell, plans were further discussed for the part that rock wool home insulation will play in the postwar economy, by providing more living space in existing buildings with the additional comfort that home insulation provides; as well as the savings in heating cost, that also results from the installation of this product.

## Donovan Is Arrested

New York, April 19 (AP)—Arthur Donovan, 54-year-old boxing referee, was arrested on a felony assault charge today after David S. Corcoran, 58, an importer, suffered critical injuries in a fall in Fifth avenue. Probationary Patrolmen William King and Vincent O'Rourke said they saw Donovan strike Corcoran, causing him to fall and hit his head on the pavement.

tures. By the time the general assembly meets in September, the total payroll will reach about 2,000 with a gradual increase from then on until the approximate goal of 3,000 is attained, sources declared.

For its international recruiting drive, the U.N. offers prospective employees a five-day work week, 30 days annual leave, 18 days sick leave and a free trip home every two years for those from outside the United States.

Employees from outside United States also will receive a temporary living allowance over and above their salaries for approximately three months after arrival. For those within this country, the U.N. will transport furniture and families to the site.

The question of varied immunities for United Nations personnel probably will not be clarified until the organization moves into its permanent home in about five years.

Sources predicted that eventually the secretary-general would set up a tribunal within the organization to try offenders. Under this system, U.N. personnel apprehended would be turned over to such a tribunal for disposition of the case in the same procedure as the Army and Navy now use in operating with local police. Final reports of penalties would be forwarded to the arresting officials.

## Safety Division Will Undertake To Curb Accidents

Albany, N. Y., April 19 (AP)—Coordination of a permanent, statewide accident prevention campaign will be undertaken by a new safety division under a law signed by Governor Dewey.

The measure, recommended by a safety conference called by the governor last March, was approved yesterday together with other anti-accident legislation.

Declaring the safety division bill "marks an important step in removing the hazards to life and property from accidents," Dewey in his approval statement added:

"The new division without encroaching upon the responsibilities or duties of existing state department and divisions, will provide for a centrally organized liaison among all the state and local agencies in the promotion of safety in all its phases."

"This will permit intelligent organization of accident prevention information and publicity. It will provide an agency for coordination between the different units of government."

"Moreover, ample power is conferred upon the new division to set up programs for local firemen and local police. Provision is also made in the measure for a study in development of a system of periodic inspections of motor vehicles."

The division, set up in the executive department with a \$75,000 appropriation, will include bureaus of safety and accident prevention and fire and police mobilization.

Other anti-accident measures

## provide for larger speed limit signs on highways in villages and cities and control of pedestrian street crossings by the State Traffic Commission and local legislative bodies.

Dewey also signed bills: Making permanent a State War Council order permitting "mutual aid and outside service by fire and police forces among the municipalities of the state." Dewey said the wartime planning and experience for mutual assistance should be continued.

Permitting the state to cede state property to the U. S. Veterans' Affairs administrator.

## Presbyterian Aid Elects New Officers

Mrs. Raymond H. Van Valkenburgh was elected president of the Ladies' Aid Society of the Rondout Presbyterian Church at the annual meeting held this week.

The dates of the annual fair and turkey dinner of the church were fixed at November 13 and 14.

Other officers elected were: Mrs. Henry Eggleston and Mrs. Frank

J. McCausland, vice president; Mrs. Louis Beeres, treasurer, and Mrs. Charles D. Carter, secretary.

sion. In any case, they said, the total amount shipped to Tokyo would be only about half a "top figure" requested by MacArthur.

## Warm Praise, Resentment

Although Berendsen's remarks and those of other commission members included warm praise for MacArthur's administration to date, there was little doubt that they reflected a slow growth of resentment—especially on the part of the smaller nations—at the go-it-alone way in which the United States through MacArthur is continuing to administer Japan.

With such delicate subjects as disposition of Japanese war criminals, reparations and constitutional reform coming up for closer consideration by the commission, some members feel there may be more frequent occasions on which they will find it necessary to ask questions of the supreme commander.

Direct, open clashes among the major Allies over Japanese affairs, however, seem likely to occur much more frequently for the present on the Tokyo council than on the Washington commission. Wednesday's council session

was marked by sharp exchanges, between the Russian and British delegates on one side and Brig. Gen. Courtney Whitney of MacArthur's staff on the other; also by a blunt, written reminder from the Supreme Commander that the council's job was "exclusively advisory and consultative," and not administrative.

MacArthur turned down council requests that he furnish the members with copies of all directives 10 days before issuing them, and also with copies of all orders and directives issued or received by his headquarters since the beginning of the occupation.

## Stone Ridge Woman

Shares in Welch Estate

New York, April 18 (Special)—Josephine Daniels of Stone Ridge is left a share in the estate of the late Agnes Sheffield Welch of New York, whose property was appraised today by the State Transfer Tax Department. Named as a half grandniece, she is left one-sixth of the residue.

The testatrix died October 25, 1939, leaving property which today's appraisal sets at \$438,500 gross value, \$414,339 net. She was the wife of the late Francis Welch. Trust funds of \$100,000 apiece are established for the benefit of a brother, Joseph B. Sheffield, and a sister, Margaret Sheffield, both of New York.

# Southpaws Appear Set For Big Year in Majors

Not Since Early 1930's Have So Many Likely Looking Lefties Blossomed Out

By JOE REICHLER  
(Associated Press Sports Writer)  
(N.Y.)—With the Major League baseball campaign only three days old today, it looked like the southpaw pitching brigade was set for its most productive season in 15 years.

Not since the early '30's when Lefty Grove, Carl Hubbell, Bill Walker, Herb Pennock, Lefty Gomez, Bill Hallahan, Larry French, Earl Whitehill and Rube Walberg handcuffed the batters, have so many good lefthanders blossomed out in one season.

With the return of such princely porters as Howie Pollet, Max Lanier, Johnny Vander Meer, Ken Heintzelman, Mickey Harris, Marius Russo and Clyde Shoun from the wars to join forces with holdovers Hal Newhouser, Thornton Lee, Mickey Haefner, Stubby Overmire and Harry Brecheen, it might well turn out that this first post-war year will be the greatest in baseball history for the left-handed legion.

Three of the southpaw set, Pollet, Harris and Vander Meer, were responsible for half of the six finely pitched games in the Majors yesterday, to give the left-handers a record of eight victories against four defeats in three days.

**Pollet Stops Pirates**  
Pollet, back with the St. Louis Cardinals after three years in the air corps, spun a neat five-hitter to beat the Pittsburgh Pirates 6-2, the only Pirate runs resulting from a two-run homer hit by rookie Ralph Kiner in the eighth inning. St. Louis offset this prodigious wallop by roaring back with four runs in its half of the same frame to break a 2-2 tie and earn a two to one edge in the series.

Harris, making his post war debut with Boston's Red Sox following four years in the Canal Zone, held Washington to six scattered hits as the Sox defeated the Senators, 3-1, to sweep the three-game series. Ted Williams' run-producing triple and Johnny Pesky's three hits which drove in two runs accounted for the Boston talies.

**Lombardi Tames Giants**  
Lombardi helped Brooklyn's Dodgers make an auspicious home debut before 29,825 fans by taming the vaunted New York Giants power hitters with half dozen safeties as Leo Durocher's rookie squad handed its interborough rival its first defeat of the young season, 8-1. A big five-run third inning at the expense of Harry Feldman broke a scoreless deadlock and started the Brooks on the road to victory.

Previous lefty winners this season were Hal Newhouser of Detroit; Earl Johnson, Red Sox; Sam Zoldak, St. Louis Browns; Heintzelman, Pirates and Lanier, Cards. The losers include Frank Hoerst and Oscar Judd, Philadelphia

Aided by right-hander Hi Bit-horn's six-hitter, the Chicago Cubs maintained their holdover-season jinx over the Reds by handling the Rhinelanders their third straight setback, 4-2, for their 24th victory over Cincinnati in their last 25 meetings. A three-run error by outfielder Eddie Lusk spoiled a four-hit effort by Cincy's Nate Andrews.

Detroit captured its series from the Browns, two games to one, when big Al Benton fashioned a five-hitter to give the Tigers a 6-1 triumph. Eddie Lake, Eddie Mayo, Hank Greenberg and Barney McCosky each connected for a pair of hits to thrill a sizeable crowd of 16,469.

Led by Johnny Lindell, whose homer and double accounted for four New York runs, the Yankees walloped Philadelphia's Athletics, 8-1, to annex the series, two games to one. Allen Gettel spaced five A's hits effectively and was deprived of a shutout when Warren Rosar, an ex-Yankee, homered in the fifth inning.

Cleveland and Chicago in the American League and Boston and Philadelphia in the National League were not scheduled.

## Linsz Club Bowls Today in Buffalo A.B.C. Tournament

Scrambling of Five-Man Teams Is Expected; Falcaro, Sparando Also on Card

Buffalo, N. Y., April 19 (AP)—A scrambling of the five-man standings was expected today at the American Bowling Congress tournament as more of the nation's high-powered teams were scheduled to take the slides.

Favored was the famous Linsz Recreation Five of Cleveland which recently rolled a 3539 gross, highest scored in the nation this season. The team features five 200-average bowlers in Eddie Linsz, Eddie Kowalski, Eddie Koepf, Joe Kisoff, and Marty Mullen. The team boasts a 1000 average.

Listed to roll on the same shift were the Bert Pearson Insurance and Mid-Continent Painters teams of Kansas City, both of which have a 980 average. The Bert Pearson squad is led by Bud Tierney, son of "Cotton" Tierney, well-known Indian shortstop of two decades ago.

The Edelbrow Five of New York city, led by Joe Falcaro and Tony Sparando, two of the all-time greats of bowling, were scheduled to try for team honors on an earlier shift.

or two lower than I might have if the three kids can make good and give me a fine young outfield to start with next year." Durocher continued. "Of course, my old timers will be around if I need them, but these kids are going to get a real chance. That's the only way I could get Furillo and Whitman from Rickey. Either I promised to use them or he'd rather have them playing regularly at Montreal."

"Maybe they haven't looked exactly sensational in the first few games, but you've got to realize they're under terrific pressure. Give them a little time and I have a hunch you'll see a great outfield," he said.

**All Three Are Fast**  
Of the three, only Hermanski ever faced a big league pitcher before he opened against Boston three days ago. He played in 18 games for the Dodgers in '43. Furillo batted .281 for Montreal in '42, and as for Whitman, his highest previous classification was class B, deep in the bushes. All three are exceptionally fast, the first requisite of a Rickey prospect.

Both Furillo and Hermanski hit fairly well in the Dodgers' first two games at Boston, but Whitman drew a blank, and the critics already were matching guesses on how long he would last before yesterday's tussle. He answered them in his second time up with a line double to center, scoring two runs and ending the Brooklyn victory. The boy from Eugene, Ore., looked like he might last some time.

## Better Golf

By SAM SNEAD

5. A reader asks, (1) "What is a 'dog leg' in golf, and (2) why do you show players with knickers when few golfers wear them?" Let's answer the last question first. Our artist fee is based on the footwork of a golfer if the pictured player is wearing knickers. No interference with long trouser legs. The picture answers the first question: What is a "dog leg"? If the arms and club shaft form one straight line from shoulder to ball the hands will be forced down out of their natural position. And it would be nearly impossible to get hand action into the shot. The "dog leg" is the natural and efficient angle in holding a golf club. "Why," asks another reader, "is the little finger of the right hand interlocked between the first and second finger of the left hand or overlapped over the left hand or overlapped over the right hand?" Well, that's a good question. Overlapping or interlocking with the little finger of the right hand helps make the two hands work as one and that is desirable in golf. With out this interlocking or overlapping the hands tend to work separately and are not nearly as efficient a tool.

## Ex-Colgate Player Is Hobart Coach

School Returns to Gridiron After Three-Year Lapse

Geneva, N. Y., April 19 (AP)—J. Howard (Eddie) Tryon, Colgate backfield star from 1923 to 1925, was named today head football coach at Hobart College which returns to inter-collegiate gridiron competition this fall after a three-year lapse.

Director of physical education and athletics of Rutherford, N. J., public schools since 1928 Tryon will report at Hobart July 1 under a two-year contract. The 45-year-old coach began his grid career in his home town at Medford, Mass., high school and, following graduation from Colgate in 1926, he played professional football with the New York Yankees for two seasons.

## Women's Golf Tourney In Semi-Finals Today

Pinehurst, N. C., April 19 (AP)—Semi-final rounds of the annual North and South Women's Golf Tournament opened here today, with medalist Louise Suggs of Lithia Springs, Ga., in a favored spot to annex tourney honors. The 112-pound Georgian reached the semi-finals with a two-up victory over Laddie Irwin of Glen Ridge, N. J.

In today's matches, she faced Mrs. Catherine Fox Park, another Glen Ridge entry, who won yesterday over Mary Agnes Wall of Monominee, Mich., by a 2-and-1 margin.

issued an invitation for all local boys desiring to box to attend a meeting at B'nai B'rith Lodge on Wall street, Tuesday at 8 p. m. "When we get together, we can talk about future plans on the sport. The boys can have their say, too, and make suggestions," he said.

After the meeting refreshments will be served.

## 300 Bowling Game Hit on Middletown Alleys Wednesday

Chris Locotilli Cracks First Perfect Score in Five Years; He Has an Average of 167

The pinnacle of all bowlers—a 300 game—was reached earlier this week in Middletown when Chris Locotilli, a 167 average bowler, rolled a perfect 300 game in open bowling at the Middletown Recreation Center. Locotilli's sensational game was the first perfect 12-strike affair ever rolled at the Middletown lanes which have been in operation since the latter part of 1941. Cecil Rhodes, manager of the alleys, presented Locotilli with a check for \$100, a standing alley offer for the number one perfect prize.

The previous high cracked at the Middletown alleys was a twin 290 total held jointly by Bill Pfister, Johnny Gerschwindner and Roy Redifer, all Middletown keglers. Peter Perrino posted a 289 score about three weeks ago.

Locotilli, who fires the ball with the Fair Play team in the Middletown Y. M. C. A. League and the Ford Fee Motors in the Recreation loop, bowled three games Wednesday night when he opened with a 147 and then wound up with a 167 in the midway game. Locotilli appeared well on his way to an average evening on the lanes when his eventual string opened in the third game. According to a Middletown writer, tension mounted as he kept nothing strike after strike with his hook. "The twelfth one was right in the pocket," veteran Middletown kegler agreed and added "there was little chance of a break throughout the whole twelve."

## Second Boxing Card Is Scheduled for May 2

**Local Boxers to Meet With B'nai B'rith Officials Tuesday Night at 8**

Boxing fans, eager about the next card of bouts sponsored by B'nai B'rith, will have to wait until Thursday, May 2, for the second card of scraps at the municipal auditorium.

This was announced today by Dr. Saul Goldfarb, chairman of the club's athletic committee, who said, "we are waiting for the best available boxers, and to give local boys more chance to get in condition to appear at the auditorium."

At the first card run by B'nai B'rith, which drew more than 1,600 fans to the Broadway palace of punch, it was announced that April 19th was the next fight date.

Then the committee called off the show on account of Holy Thursday, naming April 25 as fight night.

**Seeking Best Talent**  
After scouring upstate territory for fistic talent, Bill Singer wasn't satisfied with boxers available for

next week. "There are some good boys in line, but not enough of them to put on the sort of scraps we want until May 2," he told the committee.

One reason for the shortage of good boxers is the demand placed on the field of scrappers by numerous upstate clubs, more of which are springing up since the end of the war and resumption of full-time athletic programs.

Relying on Singer's judgement, the group agreed to cancel next Thursday's show and wait for talent.

**Wants Local Boys**  
"Extension of time will give local boys a chance to get in shape, too," Singer remarked. "Fans like to see their home area favorites in action, and we intend to give them what they want."

A number of Kingston boys have enrolled in the A. A. U. to box for B'nai B'rith, also athletes from various towns along the Hudson Valley.

Singer has plans for a training gym where local boys may work out and get in condition for competition.

**Meeting for Boxers Here**  
In connection with the announcement of his plan, Singer

# Coveted Prize Will Be Given Winner of Kite Flying Meet

One Hour of Actual Flying in the Local Piper Club Is for Lucky Contestant

From kite flying to airplane flying is a prospect for one of the lucky contestants in the senior group of the department of recreation's Kite Flying Meet at the municipal stadium April 27. The department of recreation announced this morning that the winner of the senior division in the kite competition will be rewarded with a prize of one full hour of dual flying instruction. Announcement of the unusually valuable first prize offer came after Herman Fredericks, manager of the Kingston-Ulster Airport, agreed to give the winner of the senior kite flying competition one hour of dual flying instruction. The winner will be taken up in one of the airport's brand new Piper Cub planes under the expert guidance of Mr. Fredericks himself, or his key flight instructor, Vincent Beardi, World War 2 pilot.

The senior division of the meet, as set up in previous releases, will include men and women 17 years old and over. Any person in the city over 16 years of age is eligible to enter the senior competition.

Interest Is High  
A great deal of interest has been manifested throughout the city in the kite flying meet, which is the first spring competition to be held here. There are three classifications of competition. One group will include children to 13 years of age, another from 13 to 17 years, and the senior group, from 17 years on up. A prize, in addition to the flying instructions for the winner of the senior group, will be awarded to the winner of each of the other groups in the competition.

Only one provision has been specified for entry in the meet and that is that each contestant must fly his own home-made kite. Flyers of commercially made kites will not be eligible. String for the competition will be furnished by the department of recreation.

The meet will be held at the municipal stadium on Saturday afternoon at 2 o'clock. Entries will be accepted on the field. Anyone desiring instructions on the construction and flying of kites can get assistance from any of the play leaders who are on duty at five of the local parks during the afternoon and evening this week.

Rabies are Epidemic  
In 6 State Counties  
Albany, N. Y., April 19 (AP)—The State Health Department said today that rabies had reached epidemic proportions in six counties.

Dr. Alexander Zeissig, the department's veterinary consultant on rabies, declared that 289 rabid animals had been reported in the state, outside New York city, between January 1 and April 15.

Largest number of cases was 93 in Chenango county, Erie county has reported 29, Nassau 20, Broome 21, Cortland 19 and Monroe 11.

Zeissig said 96 persons had been reported bitten by rabid animals, but that there had been no deaths.

The majority of cases have been reported in dogs, he said, but foxes ran a close second with cows, cats, raccoons, sheep and pigs also contributing to the total.

The state had 662 cases of animal rabies last year and 313 in 1944. The annual average for the five years prior to 1944 was 119.

Zeissig emphasized the need for application of the only two known rabies control measures, isolation and mass vaccination of dogs.

"At present we are trying to wall off the infected areas by interesting counties not yet in

# Coveted Prize Will Be Given Winner of Kite Flying Meet

One Hour of Actual Flying in the Local Piper Club Is for Lucky Contestant

From kite flying to airplane flying is a prospect for one of the lucky contestants in the senior group of the department of recreation's Kite Flying Meet at the municipal stadium April 27. The department of recreation announced this morning that the winner of the senior division in the kite competition will be rewarded with a prize of one full hour of dual flying instruction. Announcement of the unusually valuable first prize offer came after Herman Fredericks, manager of the Kingston-Ulster Airport agreed to give the winner of the senior kite flying competition one hour of flying instruction. The winner will be taken up in one of the airport's brand new Piper Cub planes under the expert guidance of Mr. Fredericks himself, or his key flight instructor, Vincent Bernhardt, World War 2 pilot.

The senior division of the meet, as set up in previous releases, will include men and women 17 years old and over. Any person in the city over 16 years of age is eligible to enter the senior competition.

Interest Is High

A great deal of interest has been manifested throughout the city in the kite flying meet, which is the first spring competition to be held here. There are three classifications of competition. One group will include children to 13 years of age, another from 13 to 17 years, and the senior group, from 17 years on up. A prize, in addition to the flying instructions for the winner of the senior group, will be awarded to the winner of each of the other groups in the competition.

Only one provision has been specified for entry in the meet and that is that each contestant must fly his own home-made kite. Flyers of commercially made kites will not be eligible. String for the competition will be furnished by the department of recreation.

The meet will be held at the municipal stadium on Saturday afternoon at 2 o'clock. Entries will be accepted on the field. Anyone desiring instructions on the construction and flying of kites can get assistance from any of the play leaders who are on duty at five of the local parks during the afternoon and evening this week.

## Rabies are Epidemic In 6 State Counties

Albany, N. Y., April 19 (AP)—The State Health Department said today that rabies had reached epidemic proportions in six counties.

Dr. Alexander Zeissig, the department's veterinary consultant on rabies, declared that 289 rabid animals had been reported in the state, outside New York city, between January 1 and April 15. Largest number of cases was 93 in Chenango county, Erie county has reported 29, Nassau 30, Broome 21, Cortland 19 and Monroe 11.

Zeissig said 96 persons had been reported bitten by rabid animals, but that there had been no deaths.

The majority of cases have been reported in dogs, he said, but foxes ran a close second with cats, raccoons, sheep and pigs also contributing to the total.

The state had 662 cases of animal rabies last year and 313 in 1944. The annual average for the five years prior to 1944 was 119.

Zeissig reemphasized the need for application of the only two known rabies control measures, isolation and mass vaccination of dogs.

"At present we are trying to wall off the infected areas by interesting counties not yet in

## SHRINE FLOOR SHOW

Will Feature Stars Of Tarzan Movies

Vargia, "The Ape Girl," and Jack Holst and Milday, stars of the Tarzan movie picture series, will be two of the headliners of the floor show to be featured Easter Monday night at the Shrine's Ball for the benefit of the Industrial Home, in the municipal auditorium on Broadway.

Arthur A. Davis, chairman of the entertainment committee, said today that all of the acts to appear in the floor show that night are top notches.

No effort has been spared, said Mr. Davis, to make the floor show one of the finest and most interesting ever staged at a Shrine's Ball.

Vargia is the featured character dancer in the Tarzan movie series, and her performance will be both sensational and realistic, with cleverly executed "ape" dances, while Jack Holst and Milday are the world's champion stars of the horizontal bars. They execute daring and thrilling stunts on the bars, and the act is one of the finest club acts appearing today.

The floor show will be made up of six all-star acts and the show will go on at 9 o'clock, following the concert by the famous Cyprus Temple Band, and the drilling of the Shrine Patrol.

The ball Monday night promises to be one of the outstanding social events of the season. The hall will be artistically decorated with the Shrine colors, and will present a brilliant scene.

Music for dancing will be furnished by the famous Meyer Davis orchestra, and dancing will be enjoyed from 10 p. m. until 1 a. m.

The concert by the Shrine Band of 60 pieces will start at 8 o'clock.

# WHEN WILL I GET A NEW CAR?

## This Is a Question We Are Asked Hundreds of Times Each Day and One We Wish as as Much as You Do We Could Answer

### The Following Facts and Figures May Help Answer This Question Which Is of Such Vital Interest to So Many:

1. It is conservatively estimated that over 12 MILLION PERSONS are very anxious to buy new cars.
2. Earlier last year it was expected that 500,000 NEW CARS would be produced in 1945, whereas only 75,000 of that number have actually been manufactured, which is an average of only two new cars to every dealer in the country.
3. Optimists hope that in 1946 about 4,000,000 cars will be produced if the labor situation clears up. Even that would mean only ONE CAR FOR EVERY THREE BUYERS clamoring for a new automobile.
4. Conservative estimates indicate that over 2,000,000 cars now in use will be scrapped this year, which, when deducted from the optimists' hope of 4,000,000 cars this year, leaves only half that number towards overcoming the shortage.
5. If you stop to think, it becomes obvious that 8 MILLION would-be new-car-buyers will have to wait MORE THAN A YEAR, and millions will have to WAIT UNTIL 1948.
6. THEREFORE: It will be to your best interest to have your dealer maintain your car at peak performance and appearance.

Do Not Become A Victim To The Idea That Upon Disposing Of Your Used Car In The Black Market, You Can Simply Take The Cash And Readily Use It To Obtain A New Car.

## CONSULT YOUR NEW CAR DEALER

Do not rush to dispose of your car until you check with a NEW CAR DEALER . . . (who operates his business conforming with O.P.A. regulations) as to when you may expect delivery of a new automobile. And if you do trade in your used car to one of the undersigned dealers you may rest assured that the same will not be shipped out of the country, but will be available to some returning veteran or a local resident who urgently needs a car.

## NO ANTICIPATED DROP IN USED CAR PRICES BEFORE JULY 1

Do not be deceived by such loose and misleading representations as, for instance, that used car prices will drastically drop in the first six months of this year. According to O.P.A. used car prices have been set up to July 1st, 1946, and it is probable no changes will occur before that date.

No one can legally pay more for your used car than a new car dealer

#### LEGAL NOTICES

**NOTICE OF SPECIAL HEARING**  
UPON THE PETITION FOR THE  
EXTENSION OF THE KERNON-  
KONKON FIRE DISTRICT, TOWN OF  
SON FIER, ULSTER COUNTY,  
NEW YORK.

NOTICE IS HEREBY GIVEN THAT  
there has been duly presented to  
the Board of the Town of Rochester,  
New York, pursuant to the provisions  
of the State of New York, a writ-  
ten petition for the extension of the  
Kernon-Konkon Fire District in such town  
to embrace the territory hereinafter  
described, and acknowledged by resident  
taxpayers owning taxable real prop-  
erty aggregating at least one-half of  
the assessed valuation of all the tax-  
able real property of the proposed ex-  
tension as such valuation appears upon  
the latest completed assessment roll of  
the said town; and that the Town  
Board of said town will meet at the  
office of the said Kernon-Konkon Fire  
District, located in the Village of  
Accord, Ulster County, New York, on  
the 24th day of April, 1946, at 8:00  
o'clock in the afternoon of that day  
to consider and take action on said peti-  
tion, and a special hearing will be held  
at such time and place, the said Town  
Board will meet to hear all persons inter-  
ested in the subject concerning the same.  
The following is a statement of the  
territory proposed to be annexed in the  
extension of the said Kernon-Konkon Fire  
District, as described in said petition,  
to wit:

All of the properties, buildings and  
lands in the said Town of Rochester  
that are within two miles of the fire-  
house of the Kernon-Konkon Fire Dis-  
trict, located in the Hamlet of Ker-  
nonskon, New York, and such as extend  
beyond the present limits of the Ker-  
nonskon Fire District, and more par-  
ticularly described as follows:

Beginning at the intersection of the  
Kernon-Konkon Fire Department, and  
running along the Samsonville Road  
northerly two miles to a point at the  
intersection of the said Samsonville  
Road and the lands and properties up-  
on such point in the proposed extended  
district.

Also all of the properties appearing  
on the present assessment roll of the  
Town of Rochester contained in an area  
in the Town of Rochester beginning  
at the firehouse in the Hamlet of Ker-  
nonskon aforesaid, and running thence  
northeasterly along Route 209 to the  
Pataunkung Road, thence northeasterly  
along said Mill Road easterly to a  
point two miles from the said Ker-  
nonskon firehouse to and including the  
property of Scott Sailer.

Also all those properties as appear  
upon the assessment roll of the said  
Town of Rochester that are included  
in an area beginning at the firehouse  
in Kernonskon aforesaid, and running  
thence easterly along the Berne Road  
at a point two miles from said fire-  
house to and including the property  
of John DeGraw.

Also all those properties as appear  
upon the assessment roll of the said  
Town of Rochester that are included  
in an area beginning at the firehouse  
in Kernonskon aforesaid, and running  
thence along the Minnewaska Road,  
Route 55, easterly to and including  
the premises of Zaneck & Yanowitz.  
Also all those properties as appear  
upon the assessment roll of the said  
Town of Rochester that are included  
in an area beginning at the firehouse  
in Kernonskon aforesaid, and running  
thence, at a point where the Granite  
Road intersects Route 55, easterly to  
and including the property of George  
Alexander.

It being the intention of your peti-  
tioners to have included in the pro-  
posed extension to the existing fire  
district all of the properties upon the  
assessment roll of the said Town of  
Rochester, within two miles of the  
present Kernon-Konkon firehouse of all  
the said existing roads in the said  
Town of Rochester, and to connect the  
radius of said proposed extended fire  
district to the limits as hereinbefore  
set forth.

Dated, Accord, New York, April 16,  
1946.

LEWIS H. MILLER,  
Town Clerk  
of the Town of Rochester

of the State of New York  
Attorney for Plaintiff  
Office and P. O. Address  
The Capitol  
Albany, New York

TO: FRANK REILLEY and wife,  
MARY REILLEY, his wife.

The foregoing summons is served  
upon you by publication, pursuant to  
order of Hon. Francis B. Sweeney, Jus-  
tice of the Supreme Court, dated the  
28th day of March, 1946, and filed with  
the complaint in the Office of the Clerk  
of Ulster County in the City of King-  
ston, New York.

The object of this action is to fore-  
close a mortgage dated the 24th day  
of November, 1933, made by Philip  
Ostendorf and Jane Swaney Ostendorf  
to the Commissioners for Loaning Cus-  
tomary Money of the United States in  
the County of Ulster, and to secure the  
payment of the sum of \$10,000.00 with  
interest, and upon which there is now  
due the sum of \$10,000.00 with interest,  
covering premises described in the com-  
plaint herein, and that a brief descrip-  
tion of said property affected by this  
action is as follows:

All that tract or parcel of land  
situate in the Town of Rochester  
(Cherry Town) being a part of lot No.  
11 in the Grotto Transport.

chains to a heap of stones on the line  
between lots 11 and 12 then along said  
lots S 47° 30' E 27 chs. to a heap of  
stones on a small rock with 3 rock  
oak trees around it; thence N 42° 30'  
E about 33 chs. to a red oak tree  
marked on the line between lots 11  
and 12; thence N 47° 30' W about  
27 chs. to the place of beginning, con-  
taining about 80 acres more or less.

Being the same premises as con-  
veyed by Jane Hoornebeck and other  
heirs of Jacob E. Hoornebeck in a deed  
to Philip Ostendorf by deed and re-  
corded in the office of the Clerk of the  
County of Ulster in Liber of Deeds No.  
794 page 13.

Fire that started in a hen house  
and communicated to a large barn  
on the Bel-Air Farm at Ulster  
Landing, shortly after midnight  
today, destroyed the hen house  
with 400 chickens together with  
the barn. The fire loss was esti-  
mated at \$3,000 by the owner,  
Ernest DeFilippis, who purchased  
the property six months ago.  
The barking of his dog awak-  
ened Mr. DeFilippis and investigat-  
ing he found the hen house and  
barn on fire. He called the Ulster  
Hose Co. No. 5, and the Glasco  
Fire Department who responded  
at once.  
The fire was fought by about 40  
firemen from the two departments,  
and 3,000 gallons of water were  
pumped from the well onto the  
fire.  
When the firemen reached the  
farm at 1:30 o'clock it was to find  
it impossible to save the burning  
buildings, and they devoted their  
energies to saving the adjoining  
buildings, including the house.  
The barn destroyed was 20 by  
80 feet.  
According to members of the  
fire departments it is thought that  
the fire originated from an incu-  
bator in the hen house.

Every employee in the office also  
makes five contacts daily by tele-  
phone.

Applications for employment in  
the G. E. plant in Saugerties are  
still being accepted, Stanton said.  
The applicants are all female,  
since the seven male jobs already  
have been filled. According to re-  
ports reaching here, the G. E. con-  
cern will add 50 or more women  
on Monday of next week. A total  
of 37 started operations at the  
plant this past Monday.

Mr. Stanton listed a series of  
jobs for which applications will be  
accepted immediately. Four good  
auto mechanics are needed at once  
for work with local concerns. The  
pay scale ranges from \$40 to \$60  
per week.

#### Six Radio Men Needed

Six assemblers are needed in a  
local radio plant, while a cigar  
manufacturing concern needs 10  
women employees. Several good  
cook jobs—some for steady em-  
ployment, others for seasonal jobs  
—are available at salaries rang-  
ing from \$40 to \$50 a week. Sea-  
sonal jobs at nearby summer re-  
sorts and hotels pay \$150 a month  
with room and board.

A critical shortage of circular  
saw operators is creating a severe  
bottleneck in the lumber industry,  
Stanton revealed. He said he had  
just completed a tour of all lumber  
camps within a 100 mile radius  
seeking six experienced operators.  
"This is a highly skilled job,"  
Stanton said, "and it's very hard  
to find suitable help. The pay is  
good, ranging from 12 to 14 dollars  
a day."

#### Lumber Trade Needs Men

Another nearby lumber camp  
desires four veterans to learn the  
lumber processing trade, but no  
veterans have applied for the jobs.  
The basic pay is 75 cents an hour,  
with time and a half for over-  
time, and a 44-hour week.  
A regional year-round resort  
needs plasterers, plumbers, carpen-  
ters and helpers and will retain  
such workers throughout the year,  
according to Stanton.

Permanent "KPS" for the West  
Point Military Academy can earn  
\$13,000 plus room and board, Stan-  
ton said. They will be required to  
wash dishes and do porter duties  
for the cadets at military academy.

the retirement of James V. Simp-  
son.

Lieut. Stoudt in his younger  
years was active in baseball, and  
was one of the star pitchers of the  
famous old Kingston Colonials in  
the 1920's. He also pitched for sev-  
eral other outstanding baseball  
clubs in the Hudson river valley.

Sergeant Ray Van Buren and  
Sergeant William J. Leonard who  
were named to serve as acting lieutenants, are experienced police officers.

Van Buren became a member of  
the police force on May 28, 1921,  
and was promoted to sergeant in  
1937, while Leonard became pa-  
trolman on December 1, 1933, and  
later was promoted to the post of  
sergeant.

Both men made excellent re-  
cords during the war. Murphy  
served with distinction in the Air  
Force.

#### Plainsclothes Men

Officers Cramer and Brophy are  
also outstanding members of the  
police force. Cramer was appointed  
a patrolman on July 1, 1923, while  
Brophy joined the force on May  
5, 1925.

Start at Minimum Pay  
All of the men promoted by the  
police board yesterday will assume  
their new duties at the minimum  
rate of pay established for the  
positions by the municipal civil  
service commission, with the ex-  
ception of Officers Cramer and  
Brophy, who is secretary of the  
police board.

Chief Phinney said that Cramer  
and Brophy would be granted an  
increase of \$120 a year in their  
salaries.

The minimum and maximum pay  
affecting the positions to which  
promotion has been made, accord-  
ing to Chief Phinney, are:

	Min.	Max.
Police Chief	\$3,040	\$3,610
Captain	2,890	3,160
Lieutenant	2,640	2,910
Sergeant	2,340	2,620

#### Followed Procedure

The Freeman in a story a week  
ago on the filing of the post of  
police chief outlined the procedure  
that was followed yesterday by  
the police board. The story said  
that if promotion was made from  
the ranks, as expected, that one  
of the present two lieutenants  
would be named as chief, and the  
other as captain, while two of the  
sergeants would be promoted to  
lieutenants, and that the board  
would advance two of the patrol-  
men to sergeants.

## Entitled to Preference

Albany, N. Y., April 19 (AP)—

The state's highest court has af-

firmed that Bertram L. Taylor,

New Rochelle school teacher who

was reduced from the rank of

principal is entitled to preference

on an eligibility list for future ap-

pointments of principals. The

Court of Appeals decision, handed

down yesterday, affirmed previous

ruling by the Supreme Court and

the Appellate Division. Taylor was

returned to a teachers' status

when his principalship of a junior

high school was abolished.
